**The secret to happiness is freedom and the secret to freedom is courage.**  
**(Thucydides)**

**FREEDOM OF CHOICE**  
**(By Scarlet)**

Everyone has choices  
You can choose to be good or bad  
You can choose to do the right thing  
Or the wrong thing  
You can choose to help fight this war  
Or you can choose to ignore it  
If you fight you can choose how  
Most choose weapons  
But they create more problems  
Than they solve  
For they hurt the innocent  
Few choose their voice  
It is a wonderful choice  
But only for those few who can be  
Heard and taken seriously  
I choose a pen  
So I may write it all  
And it will be there for all who choose to read  
You see we all have choices  
Good or evil  
Love or hate  
Fight or ignore  
Right or wrong  
**Which will you choose?**

### **PREPARATION FOR EXAMINATION: BRING OUT YOUR BEST**

**Timetable** – It is essential that you follow a proper timetable. It ensures that you study every subject evenly throughout the week. You know your weak subject, so you can ensure that you are studying it repeatedly so that you are well prepared.

**Making notes while studying** – Make notes while studying a subject and highlight important keywords. This way one can just revise through these notes just before exams. Moreover, these highlights in your notes will help you remember important concepts faster.

**Address your doubts unhesitatingly**-If you find something difficult to comprehend then you must address that problem at once. Speak to your teachers about your difficulties and have your doubts cleared. Do not keep them for the last moment.

**Solve Practice Papers** – By solving these questions, you will get an idea of the time required to solve a problem and accordingly build speed.

**Group studies** - There is always someone or the other in the group who has understood the concept you are having a problem with. Avoid all distractions and chit-chats during group study.

**Answering pattern/ Following Word Limit** – You must work on your answering pattern. Ensure that you are not writing more than you need as it will kill your precious answering time. Nor should you write less as you will lose marks.

**Eat Healthy and Sleep Well** – This will enhance your productivity. Also **meditate for 15 minutes** every morning and evening and keep yourself **active through light sports**.

**Confidence is the key**- Be confident of your preparation; don't get confused with peers' random study discussions.

**ALL THE BEST!**
