Late Rao Pahlad Singh

A TRIBUTE TO OUR **INSPIRATION**

“Education is not Preparation for Life; Education is life itself”

Late Rao Pahlad Singh was popularly known as 'Bhagat Ji' having a nomenclature resemblance with the legendary character of Hinduism. Human-Hearted-Rao served as Police Sergeant in joint Punjab under the British regime.

Dr. O.P. Yadav (son-middle order) inherited the true sacraments and sensed the spirit of his father as a divine entity.

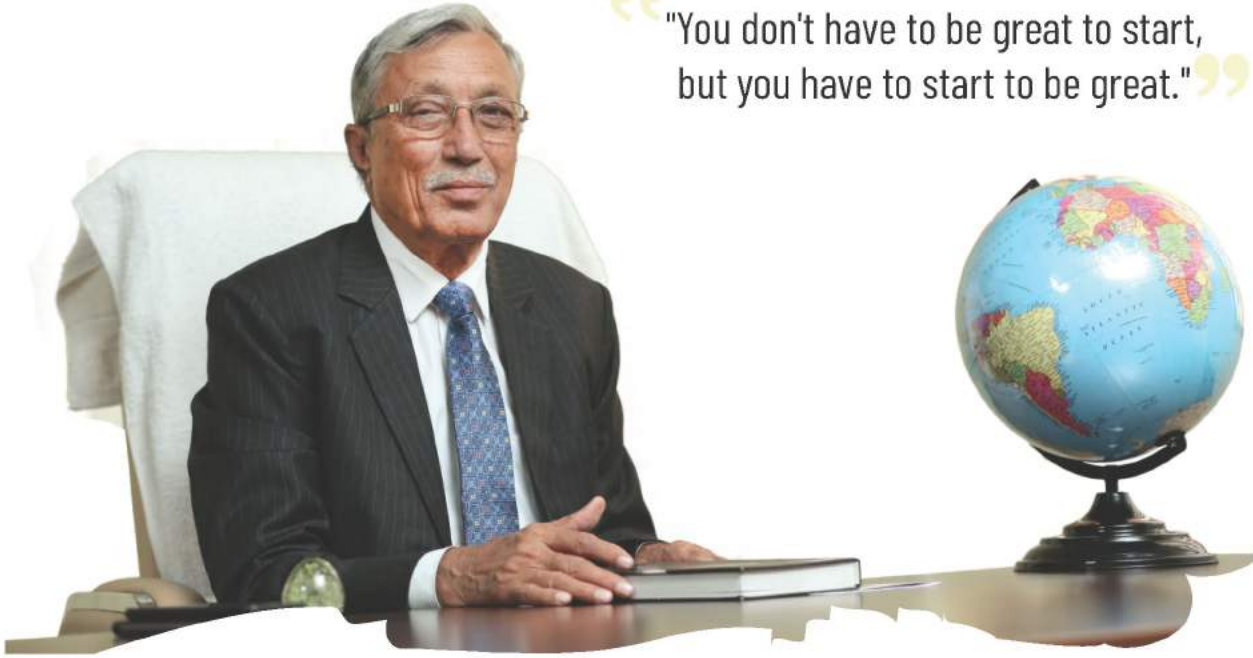

Today, the whole community is taking pride in the name and ambience of RPS, glorifying the true kinship to all students, teachers, and the community.

RPS family pays rich tribute to the forefather by this pious practice of social service and enlightenment.

MESSAGE FROM THE FOUNDER DIRECTOR

“You don't have to be great to start,
but you have to start to be great.”

Welcome Parents & Students!

It fills my heart with immense pleasure and privilege to convey my warm-hearted welcome and heartiest congratulations to the students and scholars of RPSGOI. They have joined this prestigious centre of multidimensional education, as I believe, with a lofty ambition to attain the zenith of high success and excellence in their concerned careers.

My father taught me that “achievement of greater social justice is closely dependent on equitable access by all sections of the population to quality education.”

The lesson, I have learnt from my education, is that today's world is faced with what we call as “wicked problems” – a.k.a. highly complex challenges whose potential solutions require creative & interdisciplinary thinking.

My institutions are well equipped with sensitive & thoughtful staff to contribute to the search for the solutions to these complex problems by drawing from the range of disciplines - the environment, conflict management, health, water, food security and social cohesion.

I declare with utmost sincerity that every student coming to RPSGOI shall receive complete guidance & support from all the faculties.

Dr. O. P. Yadav (Advocate)

D.Litt. (Honoris Causa)

Founder Director

विद्या नाम नरस्य रूपमधिकं प्रच्छन्नं गुप्तं धनं

MESSAGE FROM THE DEAN

Dr. R.K. Chandolia

Ph.D. (Canada), Postdoc (USA),
DAADF (Germany)
RPS College of Veterinary Sciences
Mahendergarh, Hr.

Welcome to the RPS College of Veterinary Sciences!

I am honoured to serve as the College's Dean for promoting veterinary medical education, patient care, community outreach, and research as we move forward in all of these key mission areas.

It is a matter of great pleasure to join the RPS Group of Institutions (RPSGOI) as Dean of RPS College of Veterinary Sciences, which is a highly equipped college with the latest diagnostic tools of animal diseases. The animal owners of South Haryana will be greatly benefitted from the veterinary facilities. It will be an endeavour to promote an animal farm with the best breeds of India for teaching and production of dairy products. With the passage of time, international collaborations will be initiated to provide an international exchange program for students of RPS College of Veterinary Sciences.

From our professional veterinary program, we offer a wide range of educational opportunities in a variety of clinical specialties. We offer these programs through a combination of traditional course delivery and innovative approaches such as virtual teaching and learning.

Collectively, our students and residents will be benefited from the expertise and experience of our highly talented faculty in affiliation with Lala Lajpat Rai University of Veterinary & Animal Sciences.

Our faculties are not only educators and clinicians but also leaders in developing the knowledge that guides teaching and patient care. As we focus on producing exceptional veterinarians through highly educated faculty and our administrative team that never forgets that academic excellence must be matched by compassion, integrity, and professionalism. Our future depends on producing not only future veterinarians, but also leaders, academicians, and scientists.

With continued support from the RPS Education Society, and in partnership with many organizations and individuals, we look forward to advance all aspects of our mission, continuing to build the status of veterinary medicine nationally and internationally during the coming years.

We are committed to diversity in our workplace and student body, to ensure that our college is a place where every member of our college feels valued, seen, heard, and welcome. We appreciate your interest in our college and invite you to visit or contact us for additional information.

ABOUT SOCIETY

The Mahendergarh district of Haryana state in India is a backward district and there existed no facility of good education till 1998. Keeping in view the requirement of education, Dr. O.P. Yadav (Advocate) along with a few visionaries from various walks of life such as Education, Social, Industrial, etc. established Rao Pahlad Singh Education Society in the year 1998. For the last 24 years, Rao Pahlad Singh Education Society has been in the noble service of enlightening the so-called backward strata of the state of Haryana through its educational Institutes at the school and college level.

Mahendergarh District was called the KALA PAANI of the State of Haryana. We faced various challenges to establish ourselves as a unique seat of learning. The major challenge was motivating the wards of poor farmers and soldiers to opt elementary to higher education, who otherwise were inclined to either opt for farming or join armed forces, police forces, etc. at lower ranks. In order to create awareness, the RPS Education Society started RPS Senior Secondary School at Mahendergarh. The school has a sacrosanct and hallowed history, dating back to 1998 when it was established at Mahendergarh. The year 1998 proved a watershed year due to the institutionalization of all levels of education in the southern part of the state of Haryana, which eventually led to the birth and growth of a long chain of centers of higher education in the state.

The RPS Education Society is currently running 12 reputed Senior Secondary Schools and 06 Colleges in different parts of the State of Haryana and Rajasthan. All the institutions have been rooting the records of achievements since inception and this has resulted in the change of attitude of the local residents towards education. The young people of the area are aspired to become Doctors, Engineers, IAS, IPS, Defense Officers, Managers, Educationists and Entrepreneurs. This shift in the mindset of the local population has brought prosperity to the area. Further, this has proved that private enterprise in education can produce the greatest results with no strain on the Government exchequer. **The endeavors and contributions made by the RPS Education Society towards the upliftment of education in the backward area have made everybody feel proud that the District Mahendergarh is at number 01 position in education all over India as per the survey made by Tata Strategic Management, Mumbai.**

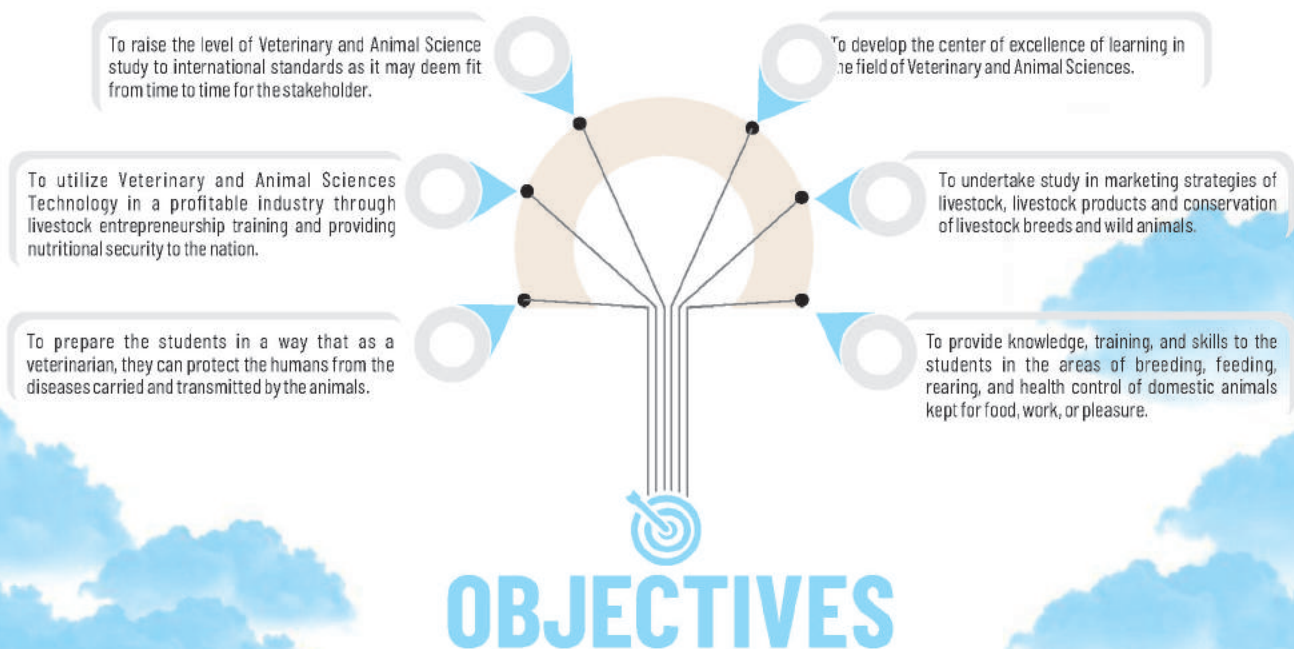

VISION

"To become an internationally recognized center of excellence in Veterinary and Animal Sciences Education and Research for the creation, dissemination, and transfer of knowledge."

MISSION

"To develop world-class Teaching and Research program in the area of Veterinary and Animal Sciences including Dairy Science. To develop human resources to serve the growing needs of dairy processing industries in rural India. To develop entrepreneurship skills among students by exposing them to real working situations by means of experimental learning."

RPS COLLEGE OF VETERINARY SCIENCES | AN OVERVIEW

RPS COLLEGE OF VETERINARY SCIENCES, approved by the Veterinary Council of India (VCI)/Govt. of India, was established in 2021. The College is affiliated to Lala Lajpat Rai University of Veterinary and Animal Sciences (LUVAS), Hisar. It has been established with a broad vision and a great mission to promote merit amongst students in professional courses. This Institute follows the course curriculum for B.V.Sc. & A.H. and VLD Diploma as per the Minimum Standards of Veterinary Education (MSVE 2016-2017) prescribed by the Veterinary Council of India (VCI), New Delhi.

The college is characterized by a powerful collaborative and professional culture. It firmly believes in the vision, trust, teamwork, and the power of relationships. The environment is meticulously nurtured which enables and encourages new ideas to flourish, which are required to excel in this informative globalized world.

The college provides expert faculty and excellent facilities which are essential for accomplishing the goals as determined by the aspirants. The four-story building is available for teaching and extension education with well-equipped laboratories, smart classrooms, and well-facilitated residential accommodation for college students and faculty. It also possesses a Veterinary Clinical Complex that facilitates with Veterinary Diagnostic Lab, Clinical Pathology Lab, Animal X-ray Machine, Ultrasound Machine and Operation Theatres for both large and small animals.

For the overall development of the students, the college will do its best to organize various educational tours to different Veterinary Colleges, National Research Centers, Government farms, Animal Farms, Dairy Plants, Zoos and National Parks in the different parts of the country. Besides, extracurricular activities like sports and cultural programs, the college will provide a channel for reinforcing the lessons learned in the classroom, offering students the opportunity to apply academic skills in a real-world context and are thus considered part of a well-rounded education.

LOCATION AND CLIMATE

RPS College of Veterinary Sciences is located at Balana, Mahendergarh, Haryana within National Capital Region (NCR). Its transport facilities covers the area of approximately 80 kms to different locations. Here, the livestock plays a greater role in boosting the rural economy of Haryana. The climate here is considered to be a local steppe climate. There is little rainfall throughout the year. June is considered the warmest month of the year. The temperature in June averages at 33.5°C. The lowest average temperatures in the year occur in December-January when it is around 13.4°C. August is the month with the highest relative humidity and April is the month with the lowest relative humidity. The month with the highest number of rainy days is August and the month with the lowest number of rainy days in November.

It is approximately 150 kms. away from Delhi & on the Delhi-Bikaner enroute. It is directly connected to Delhi through Rail & Road transport.

1. ELIGIBILITY AND REGISTRATION (B.V.Sc. & A.H.)

- i. The candidates under all the categories must have passed 10+2 examination and obtained a minimum of 50% marks (except SC category) in aggregate of English, Physics, Chemistry and Biology subjects from a recognized approved Board of School Education having equivalences by Council of Boards of School Education (COBSE), New Delhi/CBSE/ICSE and also by Board of School Education Haryana, Bhiwani. As per Chief Secretary to Govt. of Haryana letter no. 22/129/ 2013-16SIII dated 16.07.2014, the SC category candidates will be allowed a relaxation up to 5% of the requirement for General Category i.e., the SC candidates securing a minimum of 47.5% marks in aggregate of the four subjects mentioned above will be eligible to apply for admission. No such relaxation will be applicable for management quota seats of RPS College of Veterinary Sciences, Balana (Mahendergarh) Haryana.
- ii. The candidate must have attained or will attain the age of 17 years. The upper age limit for candidates of all categories (except SC and BC) is 25 years as of the day of registration. The upper age limit shall be relaxed by a period of 5 years for the candidates of SC and BC categories of Haryana State. No such relaxation in the upper age will be applicable for management quota seats of RPS College of Veterinary Sciences, Balana.
- iii. The list of Boards/Universities, un-recognized/un-approved/not found equivalent by the Board of School Education, Haryana/CBSE/ICSE, and Council of Boards of School Education, New Delhi. Later on, if any other Board is not found equivalent for 10th and/or 10+2, the certificate issued by such a board will be invalid and the candidates possessing such certificates will not be eligible for the admission. Inadvertently, if any such candidate is admitted, his/her admission shall be cancelled at any time by the Registrar and disciplinary action shall be taken as per the rules.
- iv. In case the result of the qualifying examination has been declared publicly but the certificate has not been issued by the concerned Board/University, such candidates shall have to produce a certificate from the Head of the Institute last attended.
- v. The last date for submission of the online duly filled admission form for all the seats of RPS College of Veterinary Sciences, Balana will be given on the website of affiliating university LUVAS.
- vi. The recent coloured photograph of (2.0" X 2.0") size, uploaded on the admission form, should depict the name of the candidate and date of taking the photo and it should be without a cap or dark glasses. If the uploaded photograph of (2.0" x 2.0") size is old /with a cap / with dark glasses / disfigured, the admission form shall be rejected.

2. ELIGIBILITY AND REGISTRATION (VLDD)

- i. RPS College of Veterinary Sciences also offers Veterinary Livestock Development (VLD) Diploma on the basis of an Entrance Test (VLDDDET) which is conducted by LUVAS, Hisar. Admission forms for VLDD are available separately on the website of LUVAS, Hisar.
- ii. The candidates under all the categories must have passed in 10+2 examination of any stream for the session of 2021-22, but from session 2022-23, the candidate must have passed 10+2 in Physics, Chemistry, and Biology. Candidates should see the website regularly to get an update on admission for the next year.
- iii. The candidate must have attained or will attain the age of 17 years by 31st December of that year. However, for the reserved categories (SC and BC), there will be a relaxation of 5 years in the maximum age limit. No such relaxation will be applicable for management quota seats of affiliated private colleges.
- iv. Candidate should regularly visit the website of LUVAS i.e. www.luvass.edu.in for an update for counselling and admission procedure for the next year.

3. NEET EXAMINATION (B.V.Sc. & A.H.)

All the candidates (except NRI and Foreign Nationals) seeking admission to B.V.Sc. & A.H. program must have appeared in the NEET Examination (UG). Admissions will be made on the basis of the merit of NEET Examination (UG). In case of two or more candidates scoring the same marks in the NEET Examination (UG), the merit would be decided based on the percentage of aggregate marks obtained in the subjects of English, Physics, Chemistry, and Biology/Biotechnology of 10+2 examination. If still, there is a tie, then the candidate senior in age will be considered higher in the merit.

4. COUNSELLING-CUM-ADMISSION (B.V.Sc. & A.H.)

- a. The competent authority reserves the right to reject any admission form for reasons to be recorded in writing.
- b. The allocation of seats will be through online counselling and the details will be available on the university website.

- c. The admissions on all the seats of B.V.Sc. & A.H. program at RPS College of Veterinary Sciences, Balana will be made as per the merit list to be prepared based on marks obtained by the candidates in the NEET Examination (UG).
- d. The candidates, who have been allotted seats at RPS College of Veterinary Sciences as per the NEET Examination (UG) merit list in the respective category are to report for document verification and other admission formalities as per the schedule to be uploaded on the university's website, in the Seminar Hall of the RPS College of Veterinary Sciences, Balana, failing which, they will have no claim for admission. No separate letter in this connection shall be issued.
- e. As per the guidelines of LUVAS, the candidates shall have to pay fees and other charges then and there, otherwise, the seat will be declared vacant. If any candidate after completion of admission formalities does not deposit the required fee, his/her candidature will be cancelled and he/she will not be eligible for subsequent counseling(s). Also, if any candidate remains absent at the time of document verification, fee deposition, and medical examination, he/she will not be considered in the subsequent counseling(s) even if he/she is higher in merit. Further, if a candidate refuses to accept admission on his/her turn, he/she shall lose his/her right of admission. He/she will not be considered for admission on the subsequent counseling even if he/she is higher in merit.
- f. **The candidates are required to bring all the original documents, two recently taken photos and two sets of self-attested photocopies of documents, etc. at the time of document verification, failing which they shall be refused to admission.** The original documents of the admitted candidates shall be retained by Registrar's office and temporarily provided to the candidate on a written request for a week or up to one day before the subsequent counseling, whichever is earlier, and if not returned by the date committed, admission of that candidate shall stand automatically cancelled. Additionally, the documents will be returned to the candidates after the completion of the verification process.
- g. After deposition of the fees and other charges, the candidates shall get themselves medically examined submit a medical certificate on the same day as per the university guidelines, so that registration can be completed on the same day. The fees deposited by the candidate, who is found medically unfit, shall be refunded and his/her admission shall automatically stand cancelled. The admission of those candidates, who fail to complete any of the admission formalities, shall be cancelled and on the request of the candidate the dues paid shall be refunded as per rules.

Documents Required:

- i. Matric Certificate with Date of Birth and Father's/Mother's Name.
- ii. The 10+2 certificate from Board of School Education, Haryana/ CBSE/any other Board considered approved/equivalent as a member by COBSE, New Delhi. If any certificate is found fake or not equivalent by any of the above Boards at any stage, admission will be cancelled and legal action will be initiated.
- iii. Haryana Resident Certificate
- iv. Character Certificate (CC) from the institute last attended.
- v. The applicants who have passed the qualifying examination earlier and if there is a gap of more than one year from the date of declaration of result of the previous examination (other than the pursuit of studies in an institution/college) shall give a self-undertaking regarding their non-enrollment in any institution. Similarly, the applicants who have passed the qualifying examination as private candidates will also have to submit the undertaking in this regard.
- vi. Two coloured photographs of size (2" x 2"), which should be the same as uploaded on the online admission form.
- vii. Copy of Aadhar Card
- viii. Copy of the admit card of 10th class and 10+2 class issued by the concerned education board.

FEE AND ADMISSION CHARGES:

The Students are required to see University (LUVAS) website or visit RPS College of Veterinary Sciences, Balana, Mahendergarh for the latest fee to be paid for the courses.

JOURNEY OF STUDENTS TOWARDS

VETERINARY DEGREE & DIPLOMA

The Diploma course of
Veterinary Sciences is of 2 years.
The diploma is abbreviated as

VLDD

(Veterinary Livestock Development Diploma)

1ST YEAR PROGRAM

During this year, students will gain knowledge about 7 different courses which include Introductory Anatomy of Domestic Animals, Introductory Physiology of Domestic Animals, Elementary Principles of Animal Nutrition, Introduction to Livestock & Poultry Management, Introduction to Animal Breeding, English and Pharmacy.

2ND YEAR PROGRAM

During this year, students will go through courses and practical of Elementary AH Extension, Introduction to Animal Products Technology, Elementary Medicine, Introduction to Surgical Procedures, Introduction to Reproductive Disorders, Introduction to Reproduction, AI & Storage of Semen and Introduction to Clinical Procedures & Animal Farm Practices.

The Degree course of Veterinary Sciences
is of 5 years & 6 months.

The degree is abbreviated as

B.V.Sc. & A.H.

(Bachelor of Veterinary Sciences and Animal Husbandry)

1ST YEAR PROGRAM

During this one year, students have to spend time in various departments viz. Veterinary Anatomy, Veterinary Physiology and Biochemistry and Livestock Production Management (LPM). LPM manages animal farm having cows, buffaloes, sheep, goats, pigs, horses, poultry, etc.

2ND YEAR PROGRAM

During this year, students will go through courses and practicals of four departments viz. Veterinary Microbiology, Veterinary Pathology, Animal Genetics & Breeding and Animal Nutrition.

3RD YEAR PROGRAM

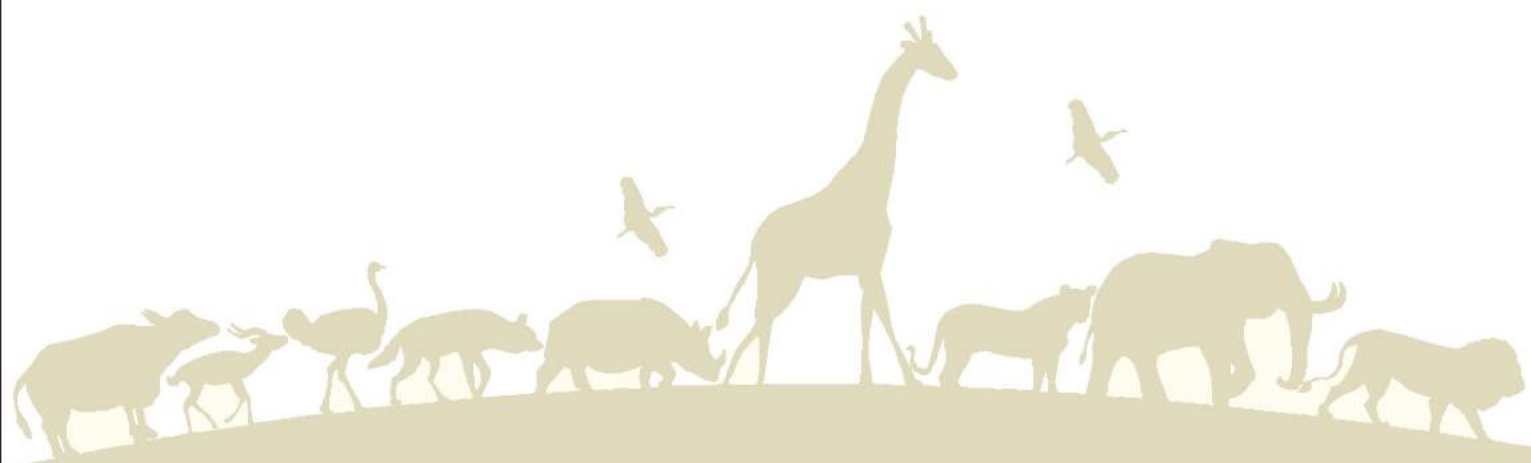

During this year, students will gain knowledge from Veterinary Pharmacology and Toxicology, Veterinary Parasitology, Veterinary Public Health and Epidemiology, Veterinary & Animal Husbandry Extension Education, Livestock Products Technology, Veterinary Clinical Practices-I and Livestock Farm Practices.

4TH YEAR PROGRAM

The duration of this programme will be one year six months. Students will be trained in clinical subjects viz. Veterinary Surgery, Veterinary Medicine, Veterinary Gynaecology & Obstetrics and Veterinary Clinical Practices-II.

5TH YEAR INTERNSHIP PROGRAM

Internship is compulsory and will be of one year. Students will be provisionally registered by Veterinary Council of State and will devote full time in providing clinical services under the supervision of the teachers.

After B.V.Sc. and A.H. Course:

- Govt. Veterinary Officer (Animal Husbandry Department, Universities and Colleges)
- Veterinary Surgeon
- Assistant Professor
- Product Manager/Management Trainee/Production Manager in Pharmaceutical Companies, MNCs, Slaughter Houses, and Animal Nutrition Companies
- Agricultural Officer (Banking Sector)
- Administrative Services (Civil Services & Indian Forest Services)
- Microbiologist and Wildlife Biologist
- Jobs in Animal Welfare Organizations
- Opportunities Abroad (Veterinarian at Private Hospital/ Federal Job/ Higher Education)
- Entrepreneurship (Private Pet and Large Animal Clinics, Organized Livestock Farms, Consultancy, etc.)

After VLDD Course:

- Veterinary Livestock Development Assistant
- Veterinary Pharmacist
- Lab Technician
- Lab Assistant
- Jobs in Large Dairy Farms/ Gaushalas etc
- Govt. Jobs in Army and Zoos
- Govt. Jobs in Animal Welfare Organizations
- Entrepreneurs

AMBULATORY CLINIC

The ambulatory clinic aims to provide animal treatment at the doorsteps of the farmers or the needy ones. It is under the leadership of our Hon'ble Director and is operational all 6 days a week and caters to healthcare needs, animal production consultancy to the households located in rural areas in the 30 km radius of the college. It also accords an opportunity to understand the field problems faced by the Livestock Owners & find solutions by the team of specialist doctors, besides surveillance upon the emerging problem on profitable animal farming.

DIAGNOSTIC LABORATORY

The Diagnostic Laboratory provides laboratory diagnostic help to clinicians regarding blood examination, urine and fecal examination and microbiological work to clients including animal owners, farmers, animal breeders, shepherds, etc. The Laboratory is also upgraded to deal with diagnosis of various diseases and mastitis.

It also aims at increasing the productivity of animals and their products through appropriate farm management practices. Facilities available at RPS College of Veterinary Sciences includes Automatic Hematological Analyzer, Spectrophotometer, Blood Chemistry Semi Auto-Analyzer, Urine Analyzer, Elisa Reader, etc.

Intensive Care Unit (ICU) for small & large animals.

Post-mortem examination of all species.

Routine skin scrapping examination facilities.

DIAGNOSTIC LABORATORY

At present
following **facilities are available**
under this department

Routine Urine, fecal and blood analysis of all species.

Nebulization for small animals.

Electrocardiography for small animals.

X-ray and Ultrasound of all animals.

Out Patient Department (OPD)
and Indoor (IPD) facilities for Veterinary Medicine,
Gynaecology and Surgery.

INFRASTRUCTURE

RECEPTION

OFFICE

CONNECTIVITY

RPS Group of Institutions is well connected from its ISP (Internet Service Provider) via a leased optical fiber cable carrying a data rate of 50 Mbps. Internet facility is provided in whole campus, labs and hostels using wired and Wi-Fi techniques 24x7.

LIBRARY

A well-stocked library has been established in the heart of the college campus for the benefit of students and staff. It remains open on all working days from 9 A.M. to 5 P.M. Library is fully automated with internet facilities and e-journals. It consists of Reference Sections, Circulation Sections, Periodical Sections, etc. A card cataloging system is used for library references.

At present more than 2000 books of different disciplines, scientific journals, and copies of Master's and Ph.D. thesis, departmental manuals, magazines, newspapers are available in the library. It is managed and operated by diligent librarians & supporting staff. It is highly spacious which can accommodate upto 200 scholars at a time.

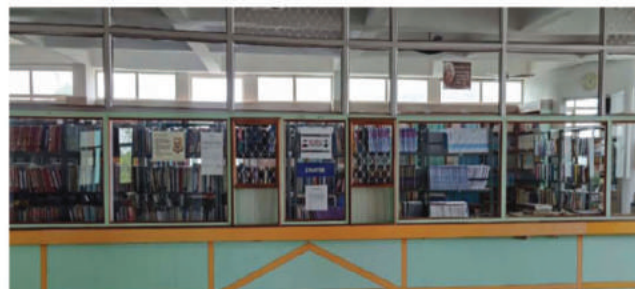

AUDIO-VISUAL SMART CLASSROOM

RPS College of Veterinary Sciences has an innovative approach to learning. So we also offer a smart classroom with facilities for our students to foster creativity and an interactive environment that would help in easy learning, bringing new ideas, more queries, and more solutions. In this way, students acquire knowledge on a practical basis.

ATM FACILITY

The ATM facility from Oriental Bank of Commerce is provided to the students and all teaching and non-teaching staff of RPS in the premises of RPS GOI, Balana.

SEMINAR HALL

The institute encompasses 1 seminar hall, which is designed in a way to accelerate the teaching-learning process using modern technological aids. It is used for various purposes like guest lectures, workshops, student meetings, staff meetings, placement drives, Faculty-Development Programs, etc. It is fully media-equipped with LCD Projector & HD sound system. It has a capacity of 300 viewer seats.

CONFERENCE HALL

A spacious air-conditioned Conference Hall is also available in the college. It is a meeting room where crucial decisions are made and problems are solved calmly. Here the seating arrangement has been designed in a way that it can accommodate around 200 persons at a time.

This room is installed with a whiteboard & projection screen having a multi-touch feature, mouse-hover functionality, which can be used by multiple users at a time. The conference hall is equipped with good audio-video equipment & better internet connectivity which enable the guests and staff members to access the internet during the program.

COMPUTER LAB

RPS Group of Institutions has the following highly sophisticated and well equipped laboratories in accordance with the requirements of various courses:

- **Computing Facility** - The institute is equipped with well structured computer labs with more than 250 high quality Dual Core 2.70 GHz machines from HCL. Printers and scanners are provided in each and every lab and each computer is connected with high speed dedicated 8 mbps 1:1 bandwidth. All computer labs are connected with 24 Hrs uninterrupted power supply.

- **Internet Connectivity** - All computers are connected with dedicated 8 mbps 1:1 bandwidth internet. The internet connectivity with campus wide area networking enables access from anywhere. Internet connectivity is extended to Hostel with Wi-Fi Connectivity.

- **Campus Wide Network** - The campus wide area network is spread over all of the institutions, connecting all the service points. The whole campus is provided with the facility of Wi-Fi Connectivity including Hostels, Lawns, Canteen and Central Library.

- **Network Lab** - Network Lab is equipped with the advanced hardware and tools for the networking. The lab provides the facility to learn latest networking techniques, topologies and maintaining the network. The lab equipped with latest Cisco Routers, various Switches, Networking Cables, Wired and Wireless LAN Cards.

HOSTEL

The college has separate hostel facilities for boys & girls with a hostel warden and supporting staff in each hostel to supervise. The hostel is quite spacious and comfortable with well-furnished & fully maintained rooms. A separate reading room on each floor is also available for the students. All the rooms are good in ventilation with basic amenities like bed, table, chair, cupboard, and electrical fittings.

Key Features

- Wi-Fi facility for students
- Power Back-up
- Mess, Canteen, RO Water System & hot water supply through geysers in winter
- 24x7 Security
- Gymnasium
- Laundry and Dry-Cleaning facility
- Banking Facility with ATM counter
- 24x7 emergency medical facilities

CANTEEN

The Canteen at RPSGOI is highly hygienic and it caters to the needs of healthy and nutritious eatables. Junk foods are a big no in the canteen. The canteen opens from 08:00 A.M. to 10:00 P.M. The routine health check up of the cook and the workers is carried at regular intervals of three months. Furthermore, our canteen has menus that are designed by a team of professional dieticians, comprising of nutritious and wholesome food to ensure a well-balanced diet including fresh fruit juices, milkshakes, ice creams. Midnight snacks are also available in the canteen for those energy boosts.

TRANSPORT

RPS Institutes have a big fleet of more than 59 buses plying up to a radius of 80km. The bus facility, apart from the students, has also been given to the faculty members and other staff members from all the nearby cities and towns in very nominal charges. Experienced and skilled drivers who fulfill all the terms and conditions of the State Government are appointed to all the buses.

GAMES AND SPORTS

Along with the academic environment, the college also promotes the importance of sportsman spirit & team effort for students. For this several inter and intra-college sports events are organized throughout the year. The Campus has adequate sports

infrastructure like Cricket, Basketball, Volleyball, Football, Badminton, etc. It presents excellent facilities for indoor & outdoor games. A modern & fully functional gymnasium is also available here to make the students healthy & strong.

GYMNASIUM

As it's a well-known saying that "A sound mind resides in a sound body", we have a fully equipped gym which has high-quality equipments, such as different varieties of dumbbells, barbells, cardio machines, weight lifting machines, etc. for all your exercise requirements. We have professionals such as dieticians, gym instructors, physical therapists, yoga instructors, bodybuilders, and aerobics trainers available in the gym. On-campus Gymnasium equipped with most modern fitness machines provide a perfect opportunity for both girls and boys for their regular workouts and enhance their fitness level.

SAY NO TO RAGGING

ALSO DONT BE A MUTE WITNESS TO RAGGING
What is "Ragging"?

- Mental / Physical / Sexual abuse
- Verbal abuse
- Indecent behaviour
- Criminal Intimidation / Wrongful / restraint
- Undermining human dignity
- Financial exploitation / Extortion
- Use of Force

VETERINARY CLINICAL COMPLEX (VCC)

It is the amalgamation of basic, preclinical, clinical, and veterinary education to give it a practical shape in the form of diagnosis, prevention, and treatment of livestock ailments. VCC receives pet & domestic animals, not only from a nearby village but also from adjoining districts and neighboring states to serve as a referral hospital.

Here, the students have excellent opportunities to transform their theoretical knowledge into practical skills. They also learn how to communicate with the animals' owners, handle clinical cases, perform diagnostic procedures, evaluate and interpret test results and correlate them with the clinical findings for proper diagnosis and treatment.

At present, following facilities are available under this department:

- Intensive Care Unit (ICU) for small & large animals.
- Post-mortem examination of all species.
- Routine skin scraping examination facilities.
- Routine Urine, Fecal, and Blood Analysis of all the species.
- Nebulization for small animals.
- Electrocardiography for small animals.
- X-ray and Ultrasound of all animals.
- Out Patient Department (OPD) and Indoor (IPD) facilities for Veterinary Medicine, Gynaecology, and Surgery.

VETERINARY ANATOMY

Sound knowledge of anatomy and physiology is an essential basis for the effective clinical treatment of companion animals and farm animals alike. RPS College of Veterinary Sciences provides comprehensive and detailed classes of anatomy and physiology of all the animals by the Department of Veterinary Anatomy. We provide detailed descriptions of exotic small species including birds, and domestic farm animals, including cows, sheep, horses, and pigs. It has the sole directive to make students acquainted with the form and structure of various animal species and to facilitate them to learn the basic concepts and fundamentals of veterinary anatomy and histology that serve as the foundation for the future sciences of different streams like Gynaecology, Surgery, etc. To fulfil these criteria, the department has well-equipped anatomy labs which serve as the knowledge center for students to know the animals by various structures and skeletons of all sorts of animals. The embalming room has the facility for short and long-term storage of dissected specimens and articulated and disarticulated skeletons of several livestock species.

VETERINARY PHYSIOLOGY & BIOCHEMISTRY

Department of Veterinary Physiology & Biochemistry is one of the basic departments of RPS College of Veterinary Sciences. The primary mandate of the department is to impart training to undergraduate (B.V.Sc. & A.H.) & Diploma (VLDD) students in the fields of general, experimental, and specialized areas of veterinary physiology and biochemistry. Physiology and Biochemistry are fundamental to an understanding of modern life science and all the students need to study these subjects as major subsidiaries to their main disciplines of Veterinary and Animal Science. This department has established laboratories with sophisticated equipment for Electrocardiography; Hematology, Blood Biochemical Analysis, and Mineral Estimations. The ultra-modern types of equipment are used for undergraduate and postgraduate teaching. RPS College of Veterinary Sciences possesses state-of-the-art facilities for students including an Automatic Hematological Analyzer, Spectrophotometer, Viscometer, Urinometer, Meteorological instruments (Max and Min thermometer, Wind Vane, Flame Photometer, Paper Chromatography System, Fume-hood, Blood Chemistry Semi Auto-Analyzer, etc.)

LIVESTOCK PRODUCTION MANAGEMENT

The Department of Livestock Production Management is one of the major parts of the animal sciences department of RPS College of Veterinary Sciences. The department is involved in the teaching of Diploma and Undergraduate courses. Besides this, the department conducted training programs and provided technical guidance to the farmers through different extension activities, radio, and T.V. programs.

The department has established a breed museum with good photo laminations, three-dimensional models of important breeds, and housing models of various species of livestock including cattle, buffalo, sheep, goat, swine, rabbit, and horse.

LABS OF LIVESTOCK PRODUCTION & MANAGEMENT

Infrastructure:

- . Cattles,
- . Pigs,
- . Poultry,
- . Sheep,
- . Goats,
- . Horses and Fodder Farms,
- . Practical Animal Sheds.

UG Laboratories are equipped with the required types of equipment.

LIVESTOCK FARM COMPLEX

The College has its Livestock Farm Complex as per the norms of VCI, with the following animal houses:

- . Buffaloes and Cows
- . Sheep and Goats
- . Pigs
- . Equines
- . Poultry etc.

It is an independent department of the Instructional Livestock Farm Complex (ILFC). This department is actively involved in imparting high-quality teaching and hands-on training to students in the rearing of livestock species. This department helps in teaching and training students on various farm animals viz. cattle, buffalo, sheep, goat, horse, pig, poultry, and other regional animals.

CLINICAL CAMPS

Veterinary Clinical Camps regarding Animal Health are organized from time to time in almost all the districts of the state to educate farmers on different diseases and aspects of prevention of different diseases. On average 5-7 camps are organized every month. Here, students also get an opportunity for field visits. It helps them in better understanding the subject matter practically in rural areas.

The students come across actual field problems of livestock owners. This kind of visit gives an exposure to the practical aspects of the subject & enables the students to understand the practical utility in a holistic manner.
