Dear Parents and Students, As the U.T. exam approaches, we know that it can be a challenging time filled with stress and long hours of studying. It's important to remember that maintaining your health is just as crucial as your academic preparation. Here are some key tips to help you balance exams and health effectively:

1. **Prioritize Sleep:** Ensure you get 6-8 hours of quality sleep each night. A well-rested mind is more alert and better equipped to retain information.
2. **Stay Hydrated and Eat Well:** Fuel your body with nutritious foods and drink plenty of water. A balanced diet supports cognitive function and keeps your energy levels stable.
3. **Take Breaks:** Study in intervals and take short breaks to relax and recharge. This can improve focus and prevent burnout.
4. **Exercise Regularly:** Incorporate physical activity into your routine. Even a short walk or quick workout can reduce stress and enhance your mood.
5. **Practice Mindfulness:** Techniques like meditation or deep breathing can help manage anxiety and improve concentration.
6. **Seek Support:** Don't hesitate to reach out to friends, family, or counselors if you need someone to talk to or need help managing stress.

Remember, your well-being is just as important as your academic performance. Strive for a balanced approach, and you'll be better prepared for both your exams and your overall health.

Wishing you all the best for your exams and beyond!

Thank you for being part of our school community.

Education is a very wide horizon itself, which covers all integral spheres of life: personality development, self grooming, mental growth towards innovations, responsive awareness towards fellowship and strength to develop rationalism in all the aspects, towards the achievements in the inner and outer life. Thereby, the aim of Euro Group of Schools stands as "Excellence in Education" guiding the students rightly towards the qualitative zone of education and excelling with it.

## Hello Grade!

The workshop initiative at our school aimed to promote active learning and holistic development among students by providing them with diverse opportunities to explore new subjects, develop skills, and engage in hands-on activities outside the traditional classroom setting. These workshops were designed to complement the academic curriculum and foster a culture of lifelong learning among students.
