## MESSAGE FROM THE DIRECTOR/PRINCIPAL

### Rajesh Sharma

M.A (Eng.) B.Ed., B.Sc., MBA (School Management)

It gives me tremendous joy to welcome you to the world of DBK Public School. For the last twenty-two years, I have been focusing on imparting quality, career-oriented education, thus molding youth into successful professionals. To envisage this vision we started with **EduExpert Private Limited, Chandigarh**-an education consultancy firm involved in school projects, consultancy and training. We enrich schools in all dimensions to achieve the holistic development of each child getting educated in our schools.

We believe that today's education has to be global in approach and yet be rooted in our rich traditions which teach humility, respect for all living things and concern for our eco-system. I also believe that our school will have an edge as we will be able to infuse our experiences in 21st century futuristic education to our students which will hone them well for the technology-driven world that we live in.

Conventional teaching methods are now relics of the past. India is going through humongous socio-economic and socio-political changes and is poised to become a super power in the next couple of decades. To see her through to this ultimate goal, she will need future citizens who are empowered with the requisite learning. I am pleased to state here that our goals and vision are in total synchronicity with that of our nation and it will be our unstinting endeavor to equip our students with global standards of learning so that our children become the masters of our destiny.

At DBK Public School, education will go beyond books to instill social consciousness, inclusivity, ethics and an all-round personality with a healthy mind, body and soul. That is the DBKian way of life. It is also important for our youth to have cultural consciousness and the ability to appreciate the rich heritage of our culture. DBK Public School will ensure that students from their early years are exposed to and encouraged to appreciate and imbibe the futuristic education. Let me assure you that it will be our responsibility to ensure that we give your child the wherewithal to succeed in life. I look forward to welcoming you and your child to the DBK Public School family, and firmly believe that you will be proud to be a part of this family.
