Panchtantra Tales

A kind-hearted woodcutter once rescued an eagle from a trap. Sometime later, the woodcutter had climbed on a steep hill to cut trees for wood. There he got stuck, and couldn't come down. He sat on a rock, waiting for any help to come. Suddenly the eagle he had rescued came flying down towards him. In another moment, the eagle flew away with his hat. The woodcutter became angry and started to chase the eagle. After some time of tracking, he found the way to get down the hill. "Oh, so this is why you took my hat. You wanted me to run behind you and find this way. Thank you so much, my friend," the woodcutter said to the eagle.

FUN FACTS ABOUT

JULY

There is a sense of balance about July. That may be because the exact middle of each year occurs on July 2.

The month of July is named after Roman leader Julius Caesar. Before the name change, July was known as Quintilis. Quintilis, the Latin word for five, was the fifth month on the Gregorian calendar. Julius Caesar modified the calendar, adding the months of January and February. The Julian calendar is still in use today.

July is known as a month for firsts, such as the first ever rabies vaccine was administered by Louis Pasteur on July 6, 1885. The first atomic bomb test was detonated in New Mexico on July 16, 1945.

The month of July holds some very hot records in the northern hemisphere, July is usually the hottest month of the year. The hottest temperature ever recorded in the United States was in Greenland Ranch, California.

The thermometer soared to 134°F/57°C on July 10, 1913. It was hot enough to fry an egg on a rock in a matter of seconds.

While it may be hot north of the Equator, people living in the southern half of the world see their coldest temperatures in July. In fact, the most severe cold season on record happened in July 1983 near the South Pole.

The temperature at Vostok Station in Antarctica saw an extreme temperature of -129°F/-89.6°C. That's weather only a penguin could love.

Seven presidents have died in the month of July.

They are: John Adams, Thomas Jefferson, James Monroe, Martin Van Buren, Zachary Taylor, Andrew Johnson and Ulysses S. Grant.

'Rainbow Week'

"Fun days with Colours" Colourful Rainbows from the sky was brought down as the tiny toddlers of RPS International School celebrated 'Rainbow Week' (24th July- 28th July) as a part of their curriculum. It was indeed a fun-filled experience for the little ones while they were made to understand how the phenomena of nature work. The key objective behind conducting this activity was to deliver the concept of "Rainbow Colours" to the children through engaging hands-on activities, which will further enhance their fine motor skills. As a part of this activity, the Kindergarten students presented a wonderful handcraft that was very well-planned in order to bring out the seven colours of a rainbow, to depict learning through seven senses and colours. Children showed their enthusiasm by singing songs and rhymes about the seven colours and were very excited to create their own Rainbow Umbrella's. Undoubtedly, 'Rainbow Week' was made memorable with fun and colours for our young learners.

Kargil Vijay Diwas

"I don't have to look far to find treasures. I discover them every time I visit a library." Library is a place where books and sources of information are stored. It gives an easy access to students for various purposes. Libraries are very helpful and economical too. They include books, magazines, newspapers, DVDs, manuscripts and more. Students might not be aware of the range of different types of groups and activities that are available at libraries. Reading groups are common at most libraries but there are many more activities that may be more appealing to students, such as coding clubs where they can learn the basics of coding, reading sessions, book reviews etc.

It's rightly said that a room without books is like a body without soul. Kargil Vijay Diwas is celebrated on 26th July every year in honour of the Kargil War's Heroes. This day reminds us of the hard rock earned victory of our country in the year 1999 Kargil War. To play homage to our heroes, RPS International School, Rosewood City, Gurugram conducted a Special Assembly by students of Primary Wing on 'Kargil Vijay Diwas' A small yet powerful speech charged up the entire audience with a feeling of pride and nationalism. Very proudly our students marched in the school and raised slogans for our VEER JAWAN.
