“MOCK INTERVIEW”

Organized by

Department of Management

(March 2023)

Coordinator

Prof. (Dr.) Ravinder Kumar

Department of Management, RPSCET

Prof. Rajendra Singh
Dean - RPSCET.

Principal
RPS College of Engg. & Tech
Balana, Mohinder Garh (HR.)
Prof. (Dr.) Manish Kumar Yadav
Director, RPSGOI

Under the Soft Skill Development Cell of RPSCET, Mock Interview was arranged for the students of Management Department of RPS College of Engineering & Technology. The event took place on the 29th March 2023 at Room No. 407, to provide an extensive simulation of an actual job interview. It provided an opportunity to job seekers a practice for an interview with in-depth feedback on their interviewing skills.

The objective behind arranging this for students was to help them get a better understanding of the particulars and procedures of an interview. The jury for the same consisted of 3 members from Management Department

The detailed schedule of event is as follows:

Sr. No	Division of students	Event	Dates	Time Duration	Venue
01	MBA students	MOCK INTERVIEW	29/03/2023	12:30 AM TO 3:30 PM	Room No. 407

More than 40 students registered for this event with full enthusiasm and energy. The event was coordinated by the student coordinators from Management Department under the guidance of Prof. Dr. Ravinder Kumar. The event began with an address by Mr. Anil Kumar, Head of Management Department, followed by a felicitation ceremony. Progressively, all the participants were given a time slot for their interview, and accordingly the Mock Interview took place. After every interview, the participant was given feedback on their Resume and their interviewing skills including their confidence, presentation and pertaining to projects. After all the mock interviews were completed, the jury gave their decision and the best three interviewees were selected as winners.

We are extremely grateful to Prof. Rajendra Singh, Dean RPSCET and Prof. (Dr.) Mahesh Kumar Yadav, Director - RPSGOI for providing us the support and platform to conduct this event. We are also thankful to Prof. (Dr.) Ravinder Kumar for helping us coordinate the event.

Below shows a few glimpses of the event.

EXPERT LECTURE ON "PAVEMENT MAINTENANCE & REHABILITATION"

Introduction: On 29th March 2023, a seminar on "Pavement Maintenance & Rehabilitation" was conducted by Dr. Abhishek Jindal, Assistant Professor at the Department of Civil Engineering, Central University of Haryana. The seminar took place in the Seminar Hall of RPSCET, Balana Mahendergarh. The purpose of the seminar was to provide insights into effective strategies for the maintenance and rehabilitation of pavements.

Presentation Highlights:

1. Dr. Abhishek Jindal began the seminar by introducing the importance of pavement maintenance and rehabilitation in ensuring the longevity and functionality of road infrastructure.
2. He emphasized the need to proactively address pavement distresses such as cracking, rutting, potholes, and surface deterioration to prevent further damage and maintain safety standards.
3. The speaker provided an overview of the various types of pavement distresses and their causes. This included discussing factors like traffic loading, environmental conditions, material quality, and construction practices that contribute to pavement deterioration.
4. The importance of regular pavement inspections and condition surveys was highlighted as a crucial step in identifying distresses and planning appropriate maintenance and rehabilitation strategies.
5. Dr. Jindal elaborated on different maintenance techniques, such as crack sealing, patching, and surface treatments, that can be employed to address specific pavement distresses effectively. He discussed the advantages and limitations of each technique and emphasized the importance of selecting the most suitable method based on the specific pavement condition.
6. The seminar also covered the topic of pavement rehabilitation, focusing on techniques like overlaying, milling, and full-depth reclamation. Dr. Jindal highlighted the significance of considering factors such as pavement structure, traffic volume, and available budget while choosing the appropriate rehabilitation technique.
7. Additionally, the speaker discussed emerging trends in pavement maintenance and rehabilitation, including the use of advanced materials, intelligent transportation systems, and sustainable practices.

Conclusion: Dr. Abhishek Jindal's seminar on Pavement Maintenance & Rehabilitation provided valuable insights into the effective management of road infrastructure.

The seminar was well-attended, with participants from the Department of Civil Engineering, the event concluded with a question-and-answer session, allowing attendees to seek clarification on specific topics.

RUBICON WORKSHOP & QUIZ dated 12th Apr, 2023

A Workshop has been organised for the students of BTECH ECE/EE/CSE/BCA Students by RUBICON India Pvt. Ltd. On dated 12th April, 2023. And the Elec-Power Club of Electrical Engineering Department organized a technical quiz within the department in which students of 4th and 6th semester from Electrical Engineering participated. The quiz was staged by Er. Ravi Kumar, Assistant Professor (EE Deptt.). The quiz was planned in two parts – first part included the MCQ and second part included the verbal rounds in which four teams of two members each participated which were selected from the first part. The questions were from the Electrical Engineering background. Around 20 students of the department participated in this quiz.

Career Counseling Report-2023

One day Career counseling session was organized by Department of Management of RPS College of Engineering & Technology, Balana, Mahender Garh (Hr.) for MBA- 1st year (II Semester) students to make them aware about various opportunities and trends in the field of Management after post graduation. The Resource persons for the session were Ms. Jasmine (General Banking Officer in Bank of India) and Mr. Vikash Sharma (Head, T&P, RPSGOI). Dr. Mahesh Kumar Yadav, Director, RPSGOI welcomed and gave a brief introduction of the Resource persons. Ms. Jasmine gave a brief introduction about the various opportunities and scope in the field of Banking and corporate sector. She suggested varied ways that how to opt the career in one's life depending on the capabilities and potential. She talked about how to focus on the chosen career and what are the efforts to be put in to make that dream true. She explained by giving examples of various successful people, that how they achieved the status in spite of having lack of facilities and financial support.

EXPERT LECTURE ON "INDUSTRY EXPECTATIONS FROM FRESHERS"

On 24th March 2023, an expert lecture was organized by the Department of Civil Engineering, RPSCET, Balana, Mahendergarh. The topic of the lecture was "Industry Expectations from Freshers" and it was delivered by Prof. (Dr) Vikas Garg, an academician and Director of Trainings and Placement at CUH Mahendergarh.

The lecture began with a brief introduction to the current job scenario in the industry and the challenges faced by freshers in getting jobs. Dr. Garg emphasized the importance of developing relevant skills and knowledge to meet the expectations of the industry. He highlighted the need for students to be proactive in learning and developing practical skills that can be applied in the industry.

Dr. Garg discussed the essential skills that freshers need to possess to be successful in their careers. These skills include technical knowledge, communication skills, problem-solving abilities, adaptability, and teamwork. He stressed the importance of possessing these skills and emphasized that these skills are equally essential as academic qualifications.

Further, Dr. Garg explained the role of internships and industrial training in developing practical skills and gaining industry exposure. He urged students to participate in internships and training programs, which would provide them with hands-on experience and make them job ready.

The lecture was followed by a question-and-answer session, during which students asked various queries related to their career prospects and industry expectations. Dr. Garg addressed all the questions and provided valuable insights and suggestions.

In conclusion, the expert lecture on "Industry Expectations from Freshers" by Prof. (Dr) Vikas Garg was informative and insightful. The lecture provided students with valuable insights into the expectations of the industry and the essential skills that they need to possess to succeed in their careers. It was a great learning experience for all the students who attended the lecture.

REPORT ON QUIZ COMPETITION

HELD ON 27th MARCH, 2023

Department of Management, RPS College of Engineering & Technology, Balana, Mahender Garh (Haryana) successfully conducted a Quiz competition in the college on 27th March, 2023 for the MBA & BBA students of college on topics like **Basics of Management & Economics, Marketing & HR, & Current Affairs**. In this competition, 5 different teams namely, A, B, C, D & E with four participants in each team give tough battle to each other. Rules and regulations of the quiz were explained at the beginning. It was interesting three-round competition, including objective questions with options round, buzzer round and rapid-fire round which engaged the students for two hours.

The students showcased their brilliance by rapidly answering the questions. Though some of the questions were very tricky, the teams tried to answer them with confidence. Although the teams participated actively, the team that scored the most was Team G. It was very informative and knowledge enriching competition for the participants along with the audience.

The event was coordinated by Mrs. Komal Arora & Ms. Komal Bansal and non-faculty staff members worked efficiently to make the competition a grand success. The competition concluded with the vote of thanks given by Mr. Anil Kumar, Head of the Department.

The poster is for a Quiz Competition held on 27 March 2023. It features a dark background with a pattern of question marks. The text is arranged in a central column. At the top, 'Department of Management' is written in a stylized font. Below it, 'QUIZ COMPETITION' is written in large, bold, white letters. The date '27 March 2023' and the time 'Monday 1:30 PM Onwards' are also prominently displayed. The topics 'Basics of Management & Economics', 'Marketing & HR', and 'Current Affairs' are listed in a row. At the bottom, the venue 'Room No. 407 RPSCET, Balana Mgarh' and the co-ordinators 'Mrs. Komal Arora & Ms. Komal Bansal' are mentioned.

Report – Soft/Life Skills Training Workshop-2023

A Report

On

One Week Workshop on

“Life Skills Training Workshop-2023”

In Association with Rubicon, Pune

1. **Title of Workshop :** Soft /Life Skills Training Workshop-2023^{14th}
2. **Date of Workshop:** 14th to 17th February, 2023 (From 9:30 am to 3:30 pm)
3. **Kind of Activity:** Hands on Soft/ Life Skills Training
4. **Organized By :** T&P Cell , RPS Group of Institutions
5. **Collaborating Agency :** Rubicon Foundation, Pune
6. **Resource Person /Trainer :** Mr. Bharat & Ms. Seema

7. Objectives of the Workshop:

Life skills go hand in hand with development and can assist students to succeed later in life. Life skills are recognized as those essential skills that bring together the social, emotional, and cognitive capacities of a person to solve problems and achieve goals. Life skills training equip students with the social and interpersonal skills that enable them to cope with the demands of everyday life. The objectives of this training are to build self-confidence, encourage critical thinking, foster independence and help students to communicate more effectively. It helps participants/students become more assertive, communicate effectively with others by developing good listening skills and learn to handle stress and deal with disappointments and setbacks. Such training sessions help students to explore their beliefs and attitudes through group discussions and confidence building techniques such as positive visualization. They encourage students to play to their strengths by engaging in creative activities and following a healthy lifestyle. **After completing this workshop students will be able to:**

- Learn how to deal with failure
- Improve their study skills

Report – Soft/Life Skills Training Workshop-2023

- Learn how to manage their time
- Learn how to manage their emotions
- Learn how to establish and maintain healthy relationships
- Learn how to communicate effectively
- Learn to develop interpersonal skills and adopt good leadership behavior for empowerment of self and others

8. Place of Activity (venue): Seminar Hall & Class Room , Department of CSE

9. Number of Participants: Total 180 students participated for this workshop

10. Participants from: All Branch Students from Engineering & Management Department (Pre Final Year)

11. Workshop Discussions & Hands on Training on:

Report on Virtual Awareness Program on Menstrual Hygiene

Conducted by Training and Placement Department, RPS Group of Institutions

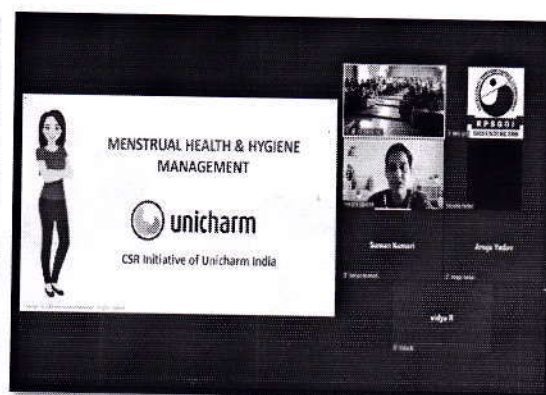

Date: April 18, 2022

Introduction:

The Training and Placement Department of RPS Group of Institutions organized a virtual awareness program on Menstrual Hygiene on January 28, 2022, for engineering and management students. The event was powered by Million Minds and Unicharm, two prominent organizations dedicated to promoting health and well-being. Ms. Mehak Kaushik from Unicharm served as the esteemed speaker for the event.

Event Overview:

The virtual awareness program aimed to educate and create awareness among students about menstrual hygiene, a crucial yet often overlooked aspect of women's health. The event was thoughtfully designed to address the stigma surrounding menstruation, dispel myths, and provide practical insights into maintaining good menstrual hygiene practices.

Collaboration with Million Minds and Unicharm:

The collaboration with Million Minds and Unicharm brought valuable expertise and resources to the event. Million Minds, known for its commitment to mental health and well-being, contributed to the holistic approach of the program. Unicharm, a leading company in personal care and hygiene, provided essential insights and product knowledge.

M. Yadav
Principal
R.P.S. College of Engg. & Tech
Balana Mohindergarh (HR.)

Feedback and Future Initiatives:

The virtual awareness program received positive feedback from students, expressing gratitude for the informative and inclusive approach. The Training and Placement Department plans to collaborate with Million Minds and Unicharm for future initiatives, continuing the dialogue on important health topics and promoting overall well-being among students.

In conclusion, the Virtual Awareness Program on Menstrual Hygiene was a successful and impactful event, contributing to the holistic development and awareness of students at RPS Group of Institutions. The collaboration with Million Minds and Unicharm added significant value to the initiative, ensuring a comprehensive and well-rounded approach to menstrual health.

Report on Seminar: "KICKSTART YOUR CAREER WITH SAFALTA"

Organized by: Training and Placement Department, RPS Group of Institutions

Date: 25th April, 2022

Venue: Seminar Hall- RPS GOI

Speaker: Dr. Ravinder Kumar, Assistant Professor-Deptt. Of Management, RPS GOI

Powered by: GILLETTE (CSR Activity)

Introduction:

The Training and Placement Department of RPS Group of Institutions organized a career-oriented seminar titled "KICKSTART YOUR CAREER WITH SAFALTA" on [Date]. The event, held at [Venue], aimed to provide valuable insights and guidance to students on launching successful careers. The seminar featured Dr. Ravinder Kumar, Assistant Professor-Deptt. Of Management at RPS GOI, as the distinguished speaker. The event was powered by GILLETTE, contributing to it as part of their Corporate Social Responsibility (CSR) activity.

Seminar Highlights:

Keynote Address by Dr. Ravinder Kumar:

Dr. Ravinder Kumar, an esteemed faculty member of the Department of Management at RPS GOI, delivered an engaging keynote address. He shared his valuable experiences and expertise in career development, emphasizing

Principal
R.P.S. College of Engg. & Tech
Balana Mohindergarh (H.R.)

the significance of strategic planning and skill development in achieving success.

Insights into Career Opportunities:

The seminar provided students with a comprehensive overview of various career opportunities available in today's dynamic job market. Dr. Kumar discussed emerging trends, industry demands, and the skills required to excel in different professional domains.

Interactive Session:

An interactive session allowed students to directly engage with Dr. Kumar, posing questions and seeking personalized advice. This interactive format facilitated a better understanding of individual career concerns and provided practical solutions.

GILLETTE's CSR Contribution:

The event was made possible through the generous support of GILLETTE, which sponsored the seminar as part of its Corporate Social Responsibility (CSR) initiative. GILLETTE's commitment to empowering the youth with valuable insights aligns with the educational objectives of RPS Group of Institutions.

Participant Feedback:

The seminar received positive feedback from participants, who appreciated the informative and motivational content. Students expressed gratitude for the opportunity to interact with Dr. Ravinder Kumar and gain insights that will undoubtedly contribute to their career development.

Conclusion:

The "KICKSTART YOUR CAREER WITH SAFALTA" seminar organized by the Training and Placement Department of RPS Group of Institutions, featuring Dr. Ravinder Kumar, proved to be a valuable and enriching experience for students. The collaboration with GILLETTE as a CSR partner added significance to the event, emphasizing the importance of industry-academic partnerships in nurturing future professionals.

The seminar exemplified the institution's commitment to providing holistic education by not only focusing on academic excellence but also equipping students with the knowledge and skills needed for a successful career. Such initiatives contribute to the overall development of students and enhance the reputation of RPS Group of Institutions as a forward-thinking and student-centric educational institution.

Group Discussion

Group Discussion on '**Job Opportunities post "Covid Pandemic" In India**' was organized by Department of Management in which many students from all over the department take participate on 17Feb,2022.

As the world copes with the uncertainty of the Covid-19 pandemic, India Inc. too, has been working overtime, formulating its response to the crisis. With government regulations evolving in a bid to flatten the curve and economic disruption across industries, traditional ways of working have been usurped.

Some executives highlighted the need to safeguard on roll employees' interest in the uncertain economic scenario, resulting in reduced dependence on gig workers. However, a few organizations are evaluating the benefits of leveraging alternative workforce models post the immediate crisis.

The move from 'responding to the crises to 'thriving in the new normal' will depend on how successfully organizations take their learning's into the future. A COVID-adjusted Future of Work strategy is presented in the detailed report.

MOCK INTERVIEW

The Department of Management organized the mock interview for the class of MBA III Sem and BBA V Sem on 16 March, 2022.

Job interviews can be a source of concern for students and graduates who haven't had much experience with them. Mock interviews (MI) help to make them less so. Perhaps the most important key to a successful interview is to be well-prepared for it and to have some knowledge of what to expect. Armed with this information the students would be able to approach interview with confidence and ease. Based on actual job interviews the MI provides a key to success. With this idea in mind, MI has been conducted for the students of MBA III Sem., IV Sem. and BBA V Sem. and VI sem. as a part of the Communication Skills Course. The exercise was designed to simulate and give the students an insight into the real time interviews and make them aware of what to expect and also how they themselves perform in such a situation.

A FOUR DAY SKILL DEVELOPMENT WORKSHOP ORGANIZED BY RPS GROUP OF INSTITUTIONS

RPS Group of Institutions, Balana organized 4 days (3rd-6th May) ²⁰²¹ Soft Skill Training "Connect with Work" Program, supported by Barclays & Powered by Rubicon Skill Development Ltd., Pune. This workshop was organized for the students of BBA 6th and MBA 2nd Semester.

INSTITUTION'S INNOVATION COUNCIL
RPS GROUP OF INSTITUTIONS
Under the aegis of RPS Education Society, M/C, Balana

24 EDUCATION

A Four Days Skill Development Workshop

Connect with Work

Training Program

03rd to 6th May, 2022

Powered by: **BARCLAYS**

In Association with: **rubicon**

The Resource person was Ms. Shubhangi Jha . The main topics covered were Organizational structure, Public Speaking, Presentation Skills, E-mail Etiquettes, Grooming of Personality, Group Discussion, Personal Interview, etc. The workshop was extremely participative and helped students tremendously in honing up their soft skills.

Principal
R.P.S. College of Engg. & Tech
Balana Mohindergarh (HR.)

The workshop was attended by 60 Students from BBA 6th Semester and MBA 2nd Semester. The motive of the workshop was to make the students aware of the forthcoming Training Sessions. The workshop opened with introducing the realities of the industry, the serious skills gap & shortage found in the industry, which are evident through various surveys & statistics. Soft skill is a very popular term nowadays, used to eradicate personal transversal competencies such as social aptitudes, language and communication capability, etc.

Enterprises generally hire new employees in particular recent graduates, taking more in consideration their Soft Skills than their Hard Skills. In order to be competitive, needs to create good and effective teams and strengthen their Soft Skills.

The departments of the college have organized various types of activities to develop the soft skills of the students enrolled with the institutions. These activities of the departments and platforms available helped the learners to learn and acquire soft skills like Communication skills, Presentation Skills, Creativity and Leadership etc.

To improve the Presentation Skills the departments conducted seminars of the students. The students get participated and perform active role in the seminars.

Day-1 Workshop on "Personality Development"

Principal
R.P.S. College of Engg. & Tech
Balana Mohindergarh (H.R.)

The maintain was to develop confidence in students and improve their communication skills. This session was taken for students to make them understand the importance of Public Speaking and develop stage daring as well. More than 45 students benefitted from it.

Wagada
Principal
R.P.S. College of Engg. & Tech
Balana Mohindergarh (H.R.)

Students during the Lecture of Soft Skill trainer Ms. Shubhangi Jha

Students are taking participation in Public Speaking

Ajayadhar
Principal
R.P.S College of Engg. & Tech
Balana Mohindergarh (HR.)

Day-2 Workshop on "Interview Skills"

It is found that students were unable to present themselves in an interview. The workshop included interview skills and techniques while giving an interview. Some important tips were given on "resume Building" and Common questions asked during an interview. 47 students attended the event and got benefitted.

Student answering in a Mock Interview

A Mock Interview helps the students to learn how to answer difficult questions, develop interview strategies, improve their communication skills, and reduces stress before an actual job interview. Practice interviews familiarize users with the interview process and allow users to practice answering common questions with confidence.

M. Yadav
Principal
R.P.S. College of Engg. & Tech
Balana Mohindergarh (HR.)

Day-3 Workshop on "Telephone Etiquette"

Telephone etiquette training teaches the students the importance of telephone etiquette and the role it plays in creating a favorable impression on others while talking over telephone. Specially, if they are going for marketing job, it will help them in creating a good impression on their customers. Students learn the most basic, but most important time tested techniques in handling phone calls. Students also learn how to manage a call from beginning to end, including how to build rapport, express empathy when needed and how to show appreciation and professionally end the call. This session will help them in gaining effective listening skills and communication skills.

Principal
R.P.S. College of Engg. & Tech
Balana Mohindergarh (HR.)

Day-4 Seminar on "Importance of Communication Skills"

This session was taken for students to make them understand the "Importance of Communication Skills". The main objective was to make them aware about the global scenario and how to expertizing these skills would help them in future. Almost 40 students were present for the event. The main aim was to develop confidence in students and improve their communication skills.

End of the Session

Aryash
Principal
R.P.S. College of Engg. & Tech
Balana Mohindergarh (HR.)

NEXT STEPS

Post the success of this training engagement, some observation by the trainer of the programs were that the group could benefit from:

1. Deeper Focus on People Skills

The students need to be able to demonstrate collaboration and better interpersonal skills.

2. Communication and Presentation Skills

Most students have great ideas, yet need support when it comes to articulating these ideas and being persuasive. They need to be assertive, structured and logical.

Recommendations:

To impact these development areas, it is recommended that we look at semester wise learning interventions that reinforce better collaboration and interpersonal skills.

Balana Mohinderghar (HR.)

Background:

The Institution Innovation Council (IIC) of Rao Pahlad Singh Group of Institutions organized a one-day technical poster presentation event on Dec 14, 2021. The aim of the event was to get innovative ideas from students to mitigate challenges in society.

Objectives:

The objectives of the workshop were as follows:

1. Identifying the various challenges in society.
2. Determining solutions to the identified challenges.
3. Creating repositories of the various solutions.

Participants:

25 students from the Dept. of Electrical Engineering and Electronics & Communication Engineering of the institute.

Brief of the Program:

Students were prepared to identify the various challenges in society and encouraged to give solutions. The event started with the scrutiny of numerous ideas portrayed by students. The students were motivated to prepare and present posters to jury members. Prof. Dr. Jitender Gangwar, RPSGOI was the chief guest for the event. He admired the endeavors of students for this event. The event was concluded with the award ceremony.

REPORT ON GROUP DISCUSSION

RPSGOI had organized a Group Discussion Program which was conducted on 15th December 2021 Wednesday at 11:00 AM.

The topic for the GD was **"Entrepreneurship is worth a nine-to-five job"**. Students of MBA Final year participated in this Group Discussion. There were total 20 participants in this event.

The GD was evaluated by two judges. These are:

1. Dr. Ajai Pal Sharma, Assistant Professor, Department of Management , Central University of Haryana, Mahendergarh
2. Mr. Kamal Sharma, ACP, Delhi Police, DANIPS

At the beginning of the session everybody seemed hesitant in expressing their opinion but soon the discussion picked the pace and the purpose of the discussion, which was to encouraged students to speak up and boost their confidence, was fulfilled.

The discussion was between the two groups, first group was in the favour of the statement, Second group were against the above statement. Point discussed in the favour of the topic were like, **"through entrepreneurship you can become your own boss, it can makes you more adaptable, it increases the skills of the entrepreneur whereas a job keeps you confined in a box, being an entrepreneur one has a something of their own even after the age of retirement, it provides more satisfaction, "**. The views against the motion were **"it increases in additional responsibilities, a huge amount of capital and manpower is required which is not required in a job, increases the stress and risk level, job provide us to work with a variety of people"**.

Lastly, we tried to draw attention of the students to summarize and conclude the GD highlighting all the important by all the groups.

The GD was joined by all the faculty members of Department of Management. The performance of all the participants was very promising. The judges guided the

students regarding the Group Discussion process and also shared their own experiences. The participants expressed that they got to learn a lot through the process and they were motivated by the Judges Experiences as well.

The Head of the Department- Mr. Anil Kumar gave complete support to the organization of event. The event was successfully coordinated by all the faculty members of department. The anchoring was perfectly done by Mr. S.N. Sharma.

A
Report on

PCB Design & Fabrication Workshop
(27th December, 2021 - 04th January, 2022)

Organized by
Under the aegis of Institution's Innovation Council (IIC)

Rao Pahlad Singh Group of Institutions
Mahendergarh

Principal
Principal
R.P.S. College of Engg. & Tech
Balana Mohinderghar (H.R.)

Background:

The Institution Innovation Council (IIC) of Rao Pahlad Singh Group of Institutions organized a nine days technical workshop on PCB Design and Fabrication on Dec 27th, 2021 to Jan 04th, 2022. The workshop constituted the hands-on exercises regarding the circuit building, PCB designing and PCB fabrication. The workshop also involved an expert talk regarding the 'Artificial Intelligence'.

Objectives:

The objectives of the workshop were as follows:

1. Inculcating the innovating skills among students in circuit building and simulation, and PCB designing with the help of software.
2. Giving hands-on exercise to students regarding PCB fabrication.
3. Familiarizing students regarding the types and uses of different switches, sensors and drivers.
4. Making students understand the concept of artificial intelligence and its utilization.

Participants:

50 students from the Dept. of Electrical Engineering and Electronics & Communication Engineering of the institute.

Brief of the Program:

On the 1st day of the workshop, the students were familiarized with the different sensors, switches, and drivers and their utilization in commonly used circuits. On 2nd and 3rd days, students worked on circuit simulation software. On 4th day, an expert session on 'Artificial Intelligence' was conducted. Students were assigned various exercises regarding circuit designing on the following days. On 8th and 9th days, the circuits fabricated by students were evaluated and winners were awarded. The workshop was completed by an expert session by Dr. Mahesh K. Yadav, Director IIC, RPSCET.

INNOVATION INSTITUTION COUNCIL (IIC)
RPSCET, MAHENDERGARH

**ORIENTATION SESSION ON NATIONAL INNOVATION AND START-UP
POLICY (NISP)**

Innovation Institution Council (IIC) – RPSCET, has organized a one day orientation session on “National Innovation and Start-up Policy (NISP). It was organized for all the faculty members of RPSCET and well received by everyone on JAN 31st, 2021. This is an initiative by Ministry of Human Resource Development (MHRD), Govt. of India in association with All India Council of Technical Education (AICTE).

The session was organized online through ZOOM MEETING APP. Nearly 25 Faculty members from various branch of Engineering, Management attended the session. The session was conducted by Prof. R.S Yadav, Dean Academic Affairs, RPSCET. He explained about the National Innovation and Startup Policy and interacted with the Faculty members. The following topics were discussed related to Innovation and startup policy.

- Strategies and Governance
- Startups Enabling Institutional Infrastructure
- Nurturing Innovations and Startups.
- Product ownership rights for Technologies developed at institute
- Organizational capacity, Human Resources and Incentives
- Creating Innovation pipeline and pathways for Entrepreneurship development
- Norms for faculty startups
- Pedagogy and learning interventions for Entrepreneurship Development
- Collaboration, co-creation, business relationships and knowledge exchange
- Entrepreneurial Impact Assessment

Outcome:

The faculty members were motivated to start a startup unit or a business model and guide the students in Entrepreneurial aspects.

Impact of Artificial Intelligence on Human Life
(1st January, 2022)

Organized by
Under the aegis of Institution's Innovation Council (IIC)

Rao Pahlad Singh Group of Initiations
Mahendergarh

Principal
R.P.S. College of Engg. & Tech
Balana Mohindergarh (HR.)

Background:

The Institution Innovation Council (IIC) of Rao Pahlad Singh Group of Institutions organized an expert talk on 'Impact of Artificial Intelligence on human life' on Jan 01, 2022.

Objectives:

The objectives of the event were as follows:

1. Making students understand artificial intelligence.
2. Familiarizing students with the scope of artificial intelligence.
3. Familiarizing students with the completed and ongoing projects employing artificial intelligence in CSIR-CEERI, Pilani.

Participants:

50 students from the Dept. of Electrical Engineering and Electronics & Communication Engineering of the institute.

Brief of the Program:

The event started with the welcome of Dr. Dhiraj Sangwan, Principal Scientist, CSIR-CEERI, Pilani by Dr. Mahesh K. Yadav, Director, RPSCET. Dr. Dhiraj, first of all, briefed the students with the CSIR-CEERI, Pilani. He then discussed artificial intelligence and its scope in today's world. He shared the glimpses and talked about the various projects conducted by CSIR-CEERI, Pilani in the perspective of artificial intelligence. He motivated the students to come forward to carry on work in artificial intelligence. In the last, Dr. Mahesh K. Yadav, Director, RPSCET gave the vote of thanks to Dr. Dhiraj for sharing his thoughts with the students.

Banner:

The banner features the RPS Group of Institutions logo at the top left and the Institution's Innovation Council logo at the top right. In the center, there is a circular portrait of Dr. Dhiraj Sangwan. To the right of the portrait, the text reads: "Expert Lecture on", "IMPACT OF ARTIFICIAL INTELLIGENCE ON HUMAN LIFE". Below the portrait, it says: "Dr. Dhiraj Sangwan, Principal Scientist, CSIR-CEERI, Pilani". To the right of the portrait, the date and time are listed: "DATE: Jan. 01st" and "TIME: 11:00A.M. onwards". Below the date and time, the venue is listed: "Venue: RPSCET, SEMINAR HALL". At the bottom, it says: "Also live on FACEBOOK". At the very bottom, it says: "Faculty Coordinator: Mr. Pankaj Soni ECE Deptt."

A
Report on
Online Expert Lecture
On
Opportunities for Indian Students for Education and
Employment in USA: Essential Hard and Soft Skills
16th June 2021

Organized by
Institution's Innovation Council (IIC)

Rao Pahlad Singh Group of Institutions
Mahendergarh, Haryana

Principal
R.P.S. College of Engg. & Tech
Balana Mohindergarh (HR.)

Background:

The Institution Innovation Council (IIC) of Rao Pahlad Singh Group of Institutions organized an Expert Lecture on "Opportunities for Indian Students for Education and Employment in USA: Essential Hard Skills" on 16th 2021. The expert lecture was conducted live through Zoom meeting app and facebook.

Objectives:

The objectives of this expert talk were as follows:

1. To increase awareness among the students regarding education and employment opportunities in USA.
2. To update the students with necessary knowledge and skills for test/interview for education and employment purpose.
3. To encourage the students for enhancing hard and soft skills with special focus on English Communication Skills.

Expert: Prof. Devendra Sharma, Ph.D.

Professor & Undergraduate Coordinator

Department of Communication,
California State University,
Fresno, USA

**Participants:**

The lecture was actively attended by nearly 250 faculty members and students through zoom meeting and Face book live.

Overview of the Program:

The expert lecture was moderated by Dr. Ritu Mohan, Assistant Professor in English, Department of Applied Science. He introduced Prof. Devendra Sharma - the Expert to the students and the teachers. Dr. Mahesh Kumar Yadav, Director, RPSGOI welcomed the Expert on behalf of the institute. He also addressed the students and advised them to take the maximum benefit from the lecture.

Prof. Devendra Sharma started with discussing the journey and struggle of Indians for earning prestigious positions in the Corporate and the Political sector of USA. He also inspired the students by narrating his own journey from a common student to a Professor in one of the most reputed universities in USA.

Prof. Sharma stressed on the dire need of the hard as well as the soft skills for becoming and proving employable. He, by giving various significant examples advised the students for grooming themselves according to the present the upcoming demand of the job market. Prof. Sharma also discussed the process and regulations for pursuing higher studies and thereafter getting placement in USA.

Prof. Sharma also advised the students to follow rules and ethical ways to enter in USA for study and employment purposes. He warned the students to stay away from agents and fake agencies for admission and placement activities.

Prof. Sharma made the session interactive indeed. He encouraged the students to ask questions and answered all the questions of the students. Er. Manish Rao, CEO, RPSGOI also joined the session and interacted with Prof. Sharma. He invited Prof. Sharma to visit and address the students of RPSGOI physically when he visits INDIA next time.

A handwritten signature in green ink, appearing to read "Rajesh".

आरपीएस इंजीनियरिंग कॉलेज में 'शिक्षा व रोजगार' पर वेबिनार छात्रों को अपने में तकनीकी और प्रभावशाली संचार कौशल विकसित करना जरूरी: प्रो. शर्मा

कॉलेज के 250 विद्यार्थी इस वेबिनार में मौजूद रहे

महेंद्रगढ़ | आरपीएस इंजीनियरिंग कॉलेज बलाना में 'अमेरिका में भारतीय छात्रों के लिए शिक्षा और रोजगार के अवसर' पर वेबिनार का आयोजन हुआ। कार्यक्रम के संयोजक डॉ. ऋतुमोहन, अंग्रेजी विभाग के प्रवक्ता द्वारा किया गया तथा डॉ. नवीन, प्रवक्ता भौतिकी विभाग ने टेक्निकल सहयोग दिया।

मुख्यातिथि प्रो. देवेन्द्र शर्मा, संचार विभाग, कैलिफोर्निया विवि, फेशनो, यूएसए जूम एप के माध्यम से उपस्थित रहे। प्रो. शर्मा ने छात्रों को बताया उन्हें संस्कृति पर गर्व करना चाहिए। उनको अपनी तकनीकी कौशल और प्रभावशाली संचार कौशल विकसित करना चाहिए। उन्होंने बताया कि अमेरिकन लोग भारतीय टैलेंट की कदर करते हैं और जो बाइडेन के आने के बाद भारतीय लोगों के लिए नियम और आसान हो रहे हैं।

बेसिक टेक्निकल नॉलेज और प्रभावशाली संचार कौशल के कारण भारतीय छात्र कहीं भी पढ़ाई और रोजगार कर सकते हैं। संस्था सीईओ मनीष राव ने प्रो. शर्मा को महेंद्रगढ़ तथा आरपीएस संस्था के बारे में जानकारी दी।

इससे पूर्व कॉलेज फाउंडर डायरेक्टर डॉ. ओपी यादव, सीईओ मनीष राव, डायरेक्टर डॉ. महेश यादव, रजिस्ट्रार डॉ. देवेन्द्र यादव, डीन प्रो. राजेन्द्र यादव व अन्य शिक्षकों का स्वागत किया। कार्यक्रम के समापन पर संस्था की ओर से मुख्य अतिथि तथा सभी शिक्षकों व छात्रों को धन्यवाद किया तथा कॉलेज के उप प्राचार्य डॉ. जेके गोठवाल, डीन एकेडमिक प्रो. राजेन्द्र यादव, विभागाध्यक्ष प्रो. कर्मवीर श्योराण, गजानंद शर्मा, संदीप यादव, अनिल, सुमित सैनी, पंकज सोनी, कोमल अरोड़ा, वर्षा सैनी तथा समस्त शिक्षक व कॉलेज के 250 विद्यार्थी इस वेबिनार में मौजूद रहे।

Background:

On account of "One Year of National Education Policy 2020", Ministry of Institution Innovation Council (MIC) organized a National Webinar on Research, Innovation, and Ranking on 11th August 2021 Wednesday. Dr. Rajkumar Ranjan Singh, Hon'ble Minister of State for Education and External Affairs, Govt. of India was the 'Chief Guest' for the program while Prof. K. VijayRaghavan, Principal Scientific Advisor, Govt. of India was the 'Guest of Honor'. The webinar was conducted live on you tube app.

Participants:

It was attended by 25 plus faculty members from various Dept. of Engineering and Dept. of Management of the RPS institute.

Objective:

Collaborating multi-discipline areas research, innovation and ranking.

Brief of the Program:

The program started with a welcome address by Shri Rakesh Ranjan, Additional Secretary(TE) and opening remarks by Shri Amit Khare, Secretary, HE. Dr. K. VijayRaghavan, Principal Scientific Advisor delivered the Keynote Address, followed by an Inaugural address by Dr. Rajkumar Ranjan Singh, Hon'ble Minister of State for Education and External Affairs, Govt. of India and vote of thanks by Dr. Abhay Jere, Chief Innovation Officer (CIO), Ministry of Education.

The webinar was comprised of three modes of panel discussion including 1) Ensuring Excellence and Relevance in Research 2) Building Innovation & Entrepreneurial Ecosystem and 3) Strategy for HEIs for excelling in Global Rankings. Each panel discussion was taken care by three separate experts.

The talks delivered by all the higher dignitaries were full of information and knowledge and On account of completing one year of national education policy, RPS group of institutions presents its sincere greetings.

Outcome:

The talks by the experts were full of examples and present scenarios, and the webinar insights about the following points in detail:

- 1) How research and innovation can be of great help in solving the problems of the common man.
- 2) Private players can be of great help for startup eco-system, innovation, and entrepreneur apart from government support.
- 3) Importance of innovation starting from school.
- 4) Reforms in the examination pattern.
- 5) Reforms in the global ranking system for institutions.
- 6) And importance of collaboration in research, innovation, and ranking.

Background:

The MHRD's Innovation Cell (MIC) organized a Session on "From your Ph.D/ Master's Thesis to a start-up" on 23 April 2021 (Friday). The expert talk was conducted live on you tube.

Participants:

It was attended by 20 plus faculty members from various Dept. of Engineering and Dept. of Management of the RPS institute.

Objective:

How one can convert Ph.D/ Master's Thesis to a start-up.

Brief of the Program:

The keynote speaker of the session was Dr. Anand Deshpande, Founder and CMD, Persistent Systems and the session chaired Prof Anil D. Sahashrabudhe, Chairman, AICTE. Guest of Honour of the program were Dr. M.P. Poonia, Vice-Chairman, AICTE. Prof. Rajive Kumar, Member Secretary, AICTE. Dr. Abhay Jere, Chief Innovation Officer, MoE's Innovation Cell.

Outcome:

Dr. Anand Deshpande highlighted the skills of entrepreneurship that a research scholar should possess during his course. He explained the process of Lean start-up by giving an example of Toyota Production. He also explained how Lean start-up helps. Further in his talk, Dr. Deshpande explained about Minimum Viable Product (MVP). Further he explained business proportion citing the example of Airbnb and enlightened about 9 different areas that are required for value proportion. He said that mission plays a role to make a business successful. The core idea of business was given a thrust during discussion. A financial calculation was explained in the presentation. A business matrix was also explained. Dr. Deshpande presented the chart of cash flow. The talks delivered were full of information and knowledge and RPS group of institutions presents its sincere thanks to the key note speaker and the organizers.

Background

MIC organised a session on “ Why IP is important in academia? “ on world IP Day. It was conducted online via Youtube. The session was open for all IIC faculty, students and staff. Even Non IIC Institutes have also participated.

Participants

As part of IIC program, MIC, more than 15 staff members from various Departments of Engineering & Department of Management attended third MIC DRIVEN ACTIVITY of Quarter III:

Brief of the Program

The session was delivered by DR. Abhay Jere, Chief Innovation Officer, MoE's Innovation Cell and DR. Mohit Gambhir, Innovation Director, MoE's Innovation Cell.

Dr. Abhay Jere shared the efforts that the entire IIC team has put in making the program a huge success since inception. He addressed that this is just a start and there is lot to be done so far as innovation ecosystem is concerned. He explained how initiatives like KAPILA sparked the trend of filling of IP. He explained how we can convert idea into wealth by making appropriate use of the IP ecosystem that needs to be built effectively.

Dr. Mohit discussed the role of a Professor at local college level or university outside the classroom. He stressed on the fact that as a teacher one should focus not only on gathering of data and writing research papers but also making an attempt in commercialization of startup ideas. He explained how IPT is an effective mechanism in dissemination of knowledge. Effective IP management and integration of research with IP as well as IP Audits were some of the key areas he focussed on.

A
Report on
Expert talk on Intellectual Property Rights (IPRs)
(25th February, 2021)

Organized by
Under the aegis of Institution's Innovation Council (IIC)

Rao Pahlad Singh Group of Institutions
Mahendergarh

M. P. Gaden
Principal
R.P.S. College of Engg. & Tech
Balana Mahendergarh (HR.)

Background:

The Institution Innovation Council (IIC) of Rao Pahlad Singh Group of Institutions organized an Expert talk on Intellectual Property Rights on Feb 25, 2021. The expert talk was conducted live through Zoom meeting app and also stream lived on Facebook.

Objectives:

The objectives of this expert talk were as follows:

1. The main aim was to impart greater awareness about the issue of **IPRs**, which gained a special importance for all the domains of socio-economic development.
2. Make students and faculties aware of the importance of **IPRs**.
3. Make them understand that how their unique ideas can be get patented.

Participants:

It was attended by faculty members and 200 students from various Dept. of Engineering and Dept. of Management of the institute.

Brief of the Program:

The expert talk was held on January 25th Feb. 2021, Thursday, at 12.30 PM. Mr. Manish Kaushik, Assistant Professor of RPSGOI started the session with a warm welcome from all the attendees and also introduced the guest speaker. The session was taken over by the guest speaker Mr. Rutwik Rao who is currently working as a Patent Agent, Trademark attorney, and practices before the Bombay High Court, NCLT, and IPAB.

He started by defining the Word 'Intellectual' and gave a clear idea about the same. He mentioned all the essential factors related to IPRs. Then in detail, he covers up the terms patent, copyright, and trademark, how these differ from each other, what are their main specifications, how these can be filed in their relevant areas.

Further, with the help of a flow chart, he talked about how a patent can be filed and what are the stages one has to go through while filing a patent.

The entire session was full of good examples and was very interactive. The workshop ended with a question and answer session in which students get their doubts solved. At the end Dr. JK Gothwal, Vice-principal RPSGOI thanked our keynote speaker and the entire IIC team for conducting the expert talk on the topic of great interest for all.

Report on Virtual Awareness Program on Menstrual Hygiene

Date: 18th February 2021

Organized by: Training and Placement Department, RPS Group of Institutions

Event Sponsors: Million Minds and Unicharm

Speaker: Ms. Meghna Kaushik, Unicharm

Introduction by: Mr. Paridhi Tutlani, Asst. Professor CSE Department

Event Overview:

The Training and Placement Department at RPS Group of Institutions organized a Virtual Awareness Program on Menstrual Hygiene on the 18th of February 2021. The event, sponsored by Million Minds and Unicharm, aimed to educate and create awareness about menstrual hygiene among engineering and management students.

Event Details:

The event was powered by Million Minds and Unicharm, two organizations committed to promoting health and well-being.

Speaker:

Ms. Meghna Kaushik from Unicharm served as the distinguished speaker for the event. Ms. Kaushik is an expert in the field of menstrual hygiene, bringing a wealth of knowledge and experience to share with the students.

Introduction:

Meghna Kaushik
Principal
RPS College of Engg. & Tech.
BALANA (H.R.)

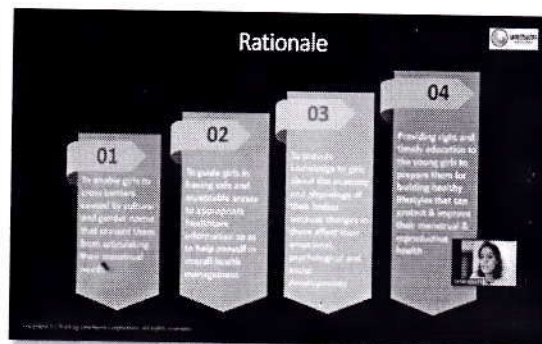

Mr. Paridhi Tutlani, Assistant Professor in the Computer Science and Engineering Department, provided a warm welcome to the attendees and introduced the esteemed speaker, Ms. Meghna Kaushik. Mr. Tutlani highlighted Ms. Kaushik's achievements and expertise in the field, setting the tone for an informative session.

Program Highlights:

The event covered essential topics related to menstrual hygiene, including the importance of awareness, common misconceptions, and the significance of proper hygiene practices.

Ms. Meghna Kaushik shared valuable insights into the latest developments in menstrual hygiene products, shedding light on the innovations brought forth by Unicharm.

The virtual format allowed for interactive sessions, enabling students to ask questions and engage in discussions regarding menstrual health.

Audience Participation:

The engineering and management students actively participated in the program, demonstrating a keen interest in the subject matter. The interactive nature of the event facilitated a dynamic exchange of ideas and information.

Q&A Session:

A dedicated question-and-answer session provided students with the opportunity to seek clarification on various aspects of menstrual hygiene. Ms. Kaushik addressed queries with expertise and empathy, fostering an open and informative discussion.

Conclusion:

The Virtual Awareness Program on Menstrual Hygiene proved to be a significant initiative in promoting health awareness among students. The collaboration with Million Minds and Unicharm contributed to the success of the event, ensuring that students gained valuable insights from an industry expert.

R.P.S. College of Engg. & Tech
Balana Mohindergarh (H.R.)

Acknowledgments:

The Training and Placement Department expressed gratitude to Million Minds, Unicharm, Ms. Meghna Kaushik, and Mr. Paridhi Tutlani for their valuable contributions to the success of the program.

The event successfully achieved its objectives by imparting knowledge, dispelling myths, and promoting a positive and informed outlook on menstrual hygiene among the students of RPS Group of Institutions.

Role of Innovation for Engineers

(Jan 27, 2021)

Organised by

Under the aegis of Institution's Innovation Council

(IIC)

**Rao Pahlad Singh Group of Institutions
Balana, Mahendergarh (Haryana)**

M. G. Gadekar
Principal
R.P.S. College of Engg. & Tech
Balana Mahendergarh (HR.)

Background

The Institution Innovation Council (IIC) of Rao Pahlad Singh Group of Institutions organised a one day workshop on Jan 27, 2021, titled "**Role of Innovation for Engineers**". The workshop was conducted live through Zoom Meeting App.

Objectives

The objectives of this workshop are to:

1. To prepare the mindset of students about innovative ideas.
2. To discuss the various innovation-driven project/challenges
3. To recognise the latest and future issues and challenges in innovation.
4. To recognise and specify the best problem to solve and restate the problem as a function of its mutually exclusive and collectively exhaustive different dimensions.
5. To discuss the role of innovation in Engineers

Participants

It was well-received by more than 300 students from various Branches of Engineering and Dept. of Management.

Brief of the Program

The workshop was held on Jan 27, 2021, Wednesday, at 2:00 PM to 3:30 PM. Dr Mahesh Kumar Yadav, Director of RPSGOI, started the session with a warm welcome of all the attendees and also introduced the guest speaker. The session was taken over by the guest speaker Mr Vijay Pal Singh, an Innovation Ambassador, Assistant Professor in ECE, GJUST, Hisar.

He shared many ideas of history time which become very innovative. He also emphasised TOYCATHON 2021 (A step by Government of India to challenge India's Innovative minds). He explained how the participation of youth would impact the Innovation & idea development for the country. He also shared his recent innovation ideas with participants who are published in the past few years.

Feedback from the Participants

The participants were highly satisfied with the workshop, and they found all the useful. Because it was a tool base practical session, students were much interested in this program. Some of the Participants have any queries about the ideas and Innovation creation. The participants were thankful to the IIC, RPSGOI for conducting this workshop.

Background

The Institution Innovation Council (IIC) of Rao Pahlad Singh Group of Institutions organized a one day workshop on Jan 18, 2021 titled "Expert talk on Startup & Entrepreneurship". The workshop was conducted live through Zoom meeting app and also live on facebook.

Objectives

The objectives of this workshop are to:

1. Make students aware of the importance of Startups and Entrepreneurship in coming future.
2. Make them understand that How their unique ideas will help them to be a job creator and also the importance of their participation to make India a "Atmanirbhar Bharat".
3. Identification of opportunities in entrepreneurship.

Participants

It was well received by more than 200 students from various Dept. of Engineering and Dept. of Management.

Brief of the Program

The workshop was held on January 18th, 2021, Monday, at 12.30 PM. Dr. Mahesh Kumar Yadav, Director of RPSGOI started the session with a warm welcome of all the attendees and also introduced the guest speaker. The session was taken over by the guest speaker Ms. Sunanda Yadav who is currently working as Retail Sales and Marketing Manager in Intel Technology India Pvt. Ltd.

She initially started off by defining the Word 'Entrepreneurship' and gave the clear idea about the same. She mentioned all the essential factors to become a entrepreneurship. Along with knowledge, An individual needs to put lots of time patience and dedication to become a successful entrepreneur.

Further, She stressed the time factor that how a good idea at right time opens up the path to become a successful entrepreneur. She gave so many examples of startups that had arrived at wrong time and didn't work well in the market.

She also emphasized on TOYCATHON 2021(A step by Government of India to challenge India's Innovative minds) and explained how the participation of youth will impact the cultural & traditional development of country.

The entire session was extremely interactive session. The workshop ended with question and answer session in which students get their doubts solved.
