6.3. Institutions Performance Appraisal System for teaching and non-teaching staff

Response:

The college believes that the purpose of an educational institution can be best served only when the staff is enriched and empowered in the right direction. Therefore, the college gives due importance to the performance of teaching and non-teaching staff.

Yes, Institution has Performance Appraisal System for teaching and non-teaching staff. Performance appraisal is done annually at the end of each Semester. The management always plays an active role in the performance appraisal of the staff. The management keeps a keen vigil on the working behavior of the members of the teaching as well as the non-teaching faculty.

The Performance Based Appraisal Reports (PBAS) provide good feedback to faculty, staff and management to help them in understanding the changing needs of students. All faculty members submit prescribed Performa for self-appraisal. The confidential reporting system is also practiced in the college.

The Principal submits a confidential report on the performance of each teacher to the Management on an annual basis.

Two types of Performa are being used for this purpose

- (i) for Teaching Staff and
- (ii) (ii) for Non- Teaching Staff.

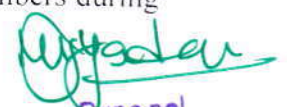

Faculty Performance Appraisal consists of following two important parts.

1. Self Appraisal form being filled up by faculty members
2. Assessment of these self appraisal forms by a review committee IQAC prepares the format of Self

Appraisal form being filled up by the faculty members which consists of following parameters:

- a. Students Feedback on teaching performance of concerned faculty members. Examination results of the subject(s) taught by the concerned faculty member for the Semester.
- b. Research Publications by concerned faculty member during Semester.
- c. Details of Faculty development programs attended by the faculty members during semester
- d. Details of any other specific achievement.
