

Expert Lecture Report

The Department of Civil Engineering at RPSCET organized an expert lecture on the topic “**Infrastructure Safety & Quality Assurance**” on and witnessed active participation from all students of the Civil Engineering Department, along with faculty members. Among the faculty in attendance were Mr. Sandeep Yadav, Mr. Sajad Ahmad Bhat, Mr. Rohit Yadav, and Ms. Monika Yadav, whose presence added to the significance of the occasion.

The lecture was delivered by the eminent Prof. (Dr.) Vikash Garg, Professor and Head of the Department of Civil Engineering at the Central University of Haryana. His vast expertise and extensive experience provided valuable insights into the critical aspects of infrastructure safety and quality assurance. Dr. Garg highlighted the importance of adhering to modern standards and regulations while sharing practical strategies to address challenges in construction projects.

The session was highly interactive, with participants engaging in discussions and seeking guidance from Dr. Garg on various aspects of infrastructure development. His detailed explanations and practical advice inspired the attendees to prioritize quality and safety in their professional endeavors. The involvement of students and faculty members further enriched the learning experience, fostering a collaborative environment.

The lecture concluded on a positive note, leaving participants more aware and motivated to contribute to advancements in civil engineering practices. This expert lecture underscored RPSCET's commitment to providing a platform for academic and professional excellence in civil engineering.
