Subject: REPORT OF FIRST PARENT TEACHER'S MEETING (PTM)

Respected Sir,

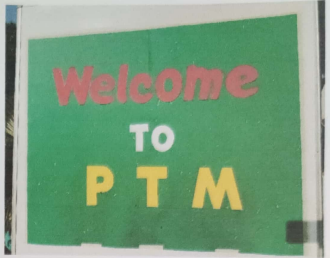

With reference to the subject cited above I am sending you the report of the first Parent Teacher's Meeting (PTM) organized by the college on 08-01-2021. The PTM was conducted for all the classes. Total 156 parents attended the meeting in which the detailed result of first sessional examination was discussed. Some of the parents (around 316 as confirmed by the Mentor) asked the performance of their ward through telephonic discussion with concerned Mentor and conveyed their inconvenience to attend the meeting. Those who didn't attend the PTM were called by the mentors and the performance of the student was discussed. So overall it was a good experience for Parents as well for faculty members to have such lively interaction.

CIRCULAR

As we know that we have self-study paper and seminars in each semester of all PG courses. The objectives of seminar and self-study paper is to enhance and develop the research and communication skills in PG students. So I would like to draw your kind attention in this matter that you should make a group of 2 to 3 students and attach them with a research guide. The students along with their supervisor will work on the topic and write a research paper and try to publish in any suitable journal of that field. In the same way some seminar topics will be assigned to individual students and they will make a 15-20 minutes' presentation on the topic assigned to them. The detailed report in this regard is required to be submitted in the office of Dean Academic in the last month of January.
