Report of One Day National Seminar

Topic: Importance of Health and Hygiene in Youth

As per the scheduled date, one day seminar was organized in our college campus by the department of chemistry on the topic – Health and Hygiene in Youth on September 20, 2021. The speaker of the event was Dr Sandeep Gera, Professor in Biochemistry, RPS College of Veterinary Sciences, Balana, Mahendergarh. The session was started with lighting the lamp in front of Maa Saraswati. First of all, Dr Jitender Jindal (HOD Chemistry) introduced Dr Gera (Invited Speaker) in front of everyone and then handed over the mic to main speaker. During the session, Dr Sandeep mainly focus on the importance of maintaining good personal hygiene; maintain a good health and a better personality in a youth. Personal hygiene is important for many reasons, for instance, to have a better personality, a good health, for social reasons and for psychological issues. Good hygiene keeps going a nice image of an individual in a society. Focusing on good personal hygiene can reduce a risk of many social, mental, and health problems. Certain habits like washing hands before meals, bathing, brushing teeth and cutting nails should be practiced from early age. These are considered as personal habits. Apart from these all, we have to be careful about our surroundings too. Since we live in a society, it's our duty to take care of our environment. He explained that good personal hygiene is as simple as hand washing which can reduce the chances of illnesses, infections, and disorders. We have to be sincere about following certain manners and etiquette strongly related to hygiene. He also talked about Hon'ble Prime Minister Mr. Narendra Modi's operation named "Swachh Bharat Abhiyan" which focus on to clean all the backward statutory towns. The entire session was a great success as all the students were excited to make use of the acquired knowledge from the session about personal hygiene in their daily life to maintain a better social, mental, and physical health. Also it helped the students to enhance good habits to make them a better person in society. At last, Principal, Dr Davender Singh, thanks Dr Sandeep Gera for his valuable time and presented him a momento.
