### EXHIBITION-QUEST TO KNOW LEDGE

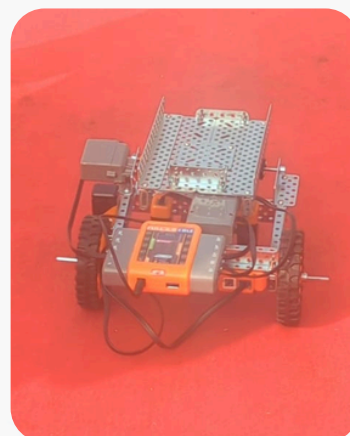

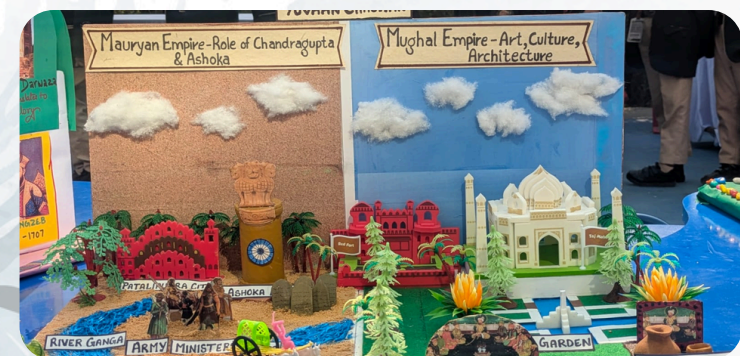

The school exhibition was organised at Euro International School, Sector-10, on 31 January 2026 for students of Classes III to IX. The exhibition provided a wonderful platform for students to present their learning through creative and working models from Science, Mathematics, Social Science, and Robotics.

The Science section, with a strong emphasis on sustainability and innovation, featured models such as the Hydraulic Bridge, AI Smart Farming, Solar Car, Rainwater Harvesting, Solar System, and Tesla Coil, highlighting scientific concepts and their practical use.

In Mathematics, models like Maths Park, Pythagoras Theorem, Probability, Line and Angles, along with junior exhibits such as the Abacus and Fraction Park, reflected logical thinking and clarity of concepts.

The Social Science exhibits covered themes including the Indus Valley Civilisation, Human Resources, Economic Activities, and the National Movement and Freedom Fighters.

The Robotics section added excitement with innovative models such as the Smart Dustbin, Object Follower, and Automatic Door Opener.

## REPUBLIC DAY CELEBRATION

## REPUBLIC DAY CELEBRATION GRADE MONT-11

"The tricolour does not merely flutter in the sky; it lives in the hearts of those who honour its values."

Euro International School, Sector-10 celebrated Republic Day with deep pride and heartfelt patriotism. The special programme, began with the hoisting of the National Flag, creating a solemn and inspiring atmosphere of unity and national reverence.

The occasion was further enriched by the motivating address of the Principal Ma'am, followed by a captivating cultural presentation. Graceful group dances, melodious group songs, artistic yoga, and a touching Hindi poem beautifully portrayed the spirit, discipline, and cultural richness.
